SCHOLARS PROGRAM

FOCUSING ON THE STUDENT EXPERIENCE

HERE AT THE UW COLLEGE OF BUSINESS, STUDENT SUCCESS IS OUR PRIORITY, AND ONE OF THE WAYS WE ENSURE THIS SUCCESS IS FOCUSING ON THE STUDENT EXPERIENCE.

For high achieving students that are coming to us with exemplary academic records, we want to celebrate those achievements. One way we do this is by inviting a select group to enjoy additional experiential benefits through involvement in the College of Business Scholars Program.

The Scholars Program will be a central element of a student's time at UW, and something they are a part of throughout their entire undergraduate degree.

Each year of the program will contain certain constant elements. These include: networking opportunities, access to executive speakers, mentorship, and a team of individuals who are available as resources. Additionally, each year will also have a hallmark experience or focal point, designed to give our students a one-of-a-kind education.

We look forward to exploring a bright future with you.

The business scholars program has definitely been one of the highlights for my first year here at UW. We have been introduced to community members to begin networking in a professional and constructive way, even in our freshmen year!
