Calkins	Findlow	Milliman	Thomas
Danaei	Ftaclas	Shafer-Malicki	

#### Action Items

1. Develop “case statement” for department that articulates need for additional resources and how those resources will be used to accomplish the department’s, college’s and university’s goals. The Case Statement will be used in collaboration with the UW Foundation to develop fundraising priorities. (Shafer-Malicki)
2. Update Membership roster and send to IAB (Milliman)
3. Act on proposed addition(s) to IAB (Milliman/Aryana)
4. Act on Process Control Simulator request for advice on where to focus next (All)
  - a. Ftaclas recommended tankless RVP stabilization at the wellhead as a relevant and pressing opportunity
5. Act on proposal to focus spring IAB meeting on “a couple” of issues of import to the department where IAB is likely to have the ability to make an impact (Milliman/All)
  - a. Proposed idea – Focused fundraising to support department (ties to case statement action item). Specific opportunity around companies esp. given investment by Genesis Alkali in process control lab to leverage/attract further investment
  - b. Proposed idea – Activities around recruiting students to department
