--	--	---

Notes:

- These courses require additional time outside of class for seeing clients, clinical supervision, and clinical documentation. Students may not begin seeking Practicum & Internship sites until instructors give them permission, which will occur in the fall Pre-Practicum class.
- 6 Credit Hours of Supervised Internship are required, where 100 hours of on-site internship time = 1 Credit Hour. Students are required to enroll for at least 1 credit hour of internship fall and spring semesters of the third year.
- EDRE 5530 – Introduction to Research is taken online (this may be taken in either summer)
