

Williams Conservatory Space Use 2018-2019

The following fee schedule is for researchers and educators interested in using bench or floor space in the Williams Conservatory. Researchers and educators within the Department of Botany and the Life Sciences Program are given priority to available space. Space is limited and allocated based on a first-come first-serve basis. Bench and floor space are not guaranteed. Fees are based on a fall (August-December), spring (January-May), and summer (May-August) trimester schedule. Conservatory users are encouraged to apply for space at least 2 weeks before the start of each trimester. Users can apply online @ www.uwyo.edu/conservatory/users/.

Researchers and educators are required to purchase their own materials (pots, soil, instruments, etc.) unless otherwise arranged with the conservatory manager. Researchers and educators are responsible for maintaining their plants and keeping their area clean. If a special need is required, such as watering or planting, please contact the conservatory manager to make accommodations.

Initial fees are a flat rate per trimester based on 4 different space sizes: $\frac{1}{4}$ of a room, $\frac{1}{2}$ of a room, $\frac{3}{4}$ of a room, and 1 full room. Each size component includes the floor and benches in the area. Those using less than $\frac{1}{4}$ of a room will still be charged for $\frac{1}{4}$ of a room.

Fees Per Trimester for Rooms 104 and 105	
Space Use per Room	Amount
$\frac{1}{4}$	\$50
$\frac{1}{2}$	\$100
$\frac{3}{4}$	\$150
1	\$200

Fees Per Trimester for Room 106	
Space Use per Room	Amount
$\frac{1}{4}$	\$56
$\frac{1}{2}$	\$113
$\frac{3}{4}$	\$169
1	\$225
