College of Education Fall-to-Fall Retention Rate by Characteristics

**Fall-to-Fall Retention by Various Characteristics**

![Graph 1: General Fall-to-Fall Retention Rate](image1)

![Graph 2: Retention Rate by Persistence Status](image2)

![Graph 3: Fall-to-Fall Retention Rate by Gender](image3)

![Graph 4: Fall-to-Fall Retention Rate by Academic Level](image4)

Retention rates are calculated as follows:

- **Fall-to-Fall Retention Rate:** The percentage of students who returned to the college in fall semester after enrolling in fall semester.
- **Retention Rate by Persistence Status:** The percentage of students who persisted in fall semester after enrolling in fall semester.
- **Retention Rate by Gender:** The percentage of students who returned to fall semester after enrolling in fall semester, categorized by gender.
- **Retention Rate by Academic Level:** The percentage of students who returned to fall semester after enrolling in fall semester, categorized by academic level.
University of Wyoming Fall-to-Fall Retention Rates by Race/Ethnicity

Overall UW Fall-to-Fall Retention by Race/Ethnicity

The fall retention rates represent the percentage that entered UW in Fall term then returned to UW in the following Fall. For example, the fall 2017 retention rates represent the percentage that entered UW in Fall 2017 then continued at UW in Fall 2018.
