4. Here you can access all your digital material. You can tell a book is digital when it is labeled as eBook, has the Open Book option, and you can see that you're opted into the text.

Fall 2025 Writers Workshop: Prose (CW-4050-01)

As a UW student, you are auto-enrolled in StartRight+, a digital-first exclusive access course material program that provides you with all your required course materials for a flat rate fee. For questions about StartRight+ or accessing your course materials, please visit <https://www.uwyo.edu/enterprises/startright/index.html>

5. If you have a physical book required, you will also see it listed here, but it will be labeled as print material and you won't be able to access it online. You can pick up all print material on the lower level of the University Store. If you are in StartRight Choice, you can still purchase your books at the University Store.

HOW TO CHECK THE PRICES

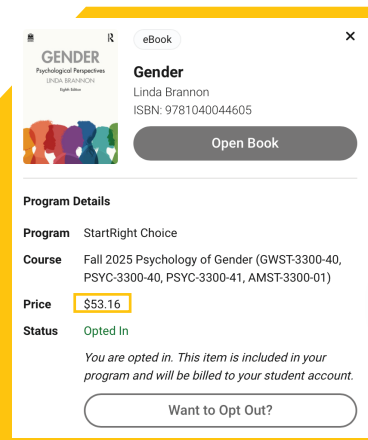

1. To do this, you will have to quickly switch to StartRight Choice. But don't worry! You can easily switch back to StartRight+ as long as it is before the deadline.
2. Go to the material you are wanting to check and click on the "View Details" option.

HOW TO MAKE YOUR PROGRAM CHOICE

1. When you are on your VitalSource bookshelf page, you should see a banner at the top. This informs you of how many days left until the opt-out deadline and which program you are enrolled in. Remember, you are automatically opted into StartRight+ as a UW student.
2. This banner also gives you the option to switch your program! Click on the link on the right of the banner.

3. Clicking "Switch Programs" will pull up:

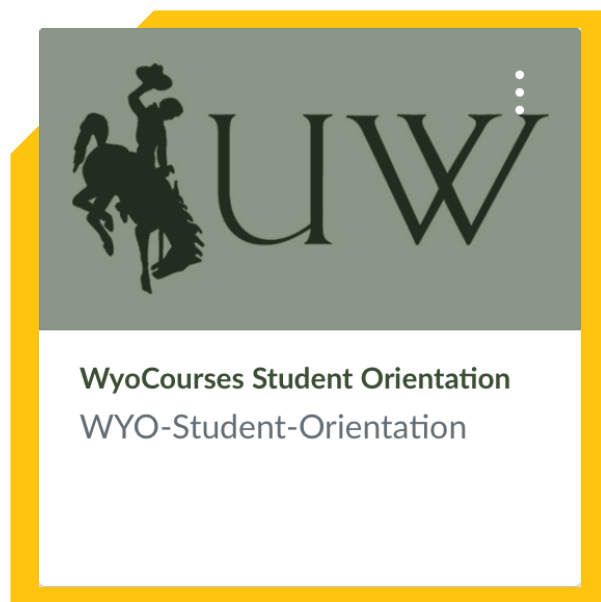

4. Here, you can switch to StartRight Choice and confirm your program choice. You can also opt out of all programs, which will automatically opt you out of all digital material.
5. If you don't want StartRight+ but have digital material required for the semester, make sure you're in StartRight Choice!

WHAT IF MY CLASS DOESN'T HAVE THE "MY TEXTBOOKS" TAB?

1. Not all professors will include the link in their courseshell. You can contact your professor to get them to open this link for you and your classmates to access.
2. In the meantime, you can access your VitalSource bookshelf through any other courseshell or go through the WyoCourses Student Orientation course. Every student should have this on their dashboard and it includes the "My Textbook" link for everyone!
3. Your VitalSource Bookshelf will include all your courses' materials, no matter which courseshell you access it from.

4. You can also follow the link below to access your VitalSource bookshelf directly. You may need to log in with your UWYO information.

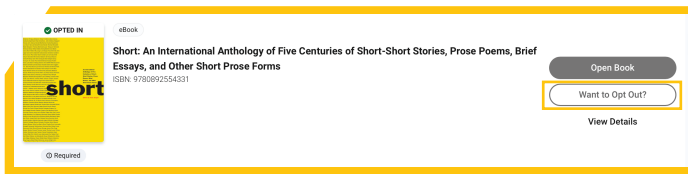

STARTRIGHT+ INSTRUCTIONS

HOW TO OPT OUT OF INDIVIDUAL DIGITAL BOOKS?

1. You can only do this when in StartRight Choice, since StartRight+ gives you access to *all* required course material.
2. Go to the book you're wanting to opt-out of and there will be an option to opt-out of it.

3. You will then confirm the opt-out.
4. REMEMBER: by doing this you will no longer have any access to the digital book. Keep in mind that some professors use courseware, which will have assignments in the textbook platform. Opting out of the textbook will lose you access to these assignments.

WHAT IF I DROP A CLASS AFTER I ALREADY PICKED UP MY MATERIALS?

We understand that the beginning of the semester comes with a lot of changes. If you picked up materials for a class that you decided to switch out of, please return the associated materials as soon as possible. We will be able to mark it as returned and you won't be charged for it. If the materials aren't returned, then they will be charged out to your account.

Materials can only be returned if they are unused and in the case of digital codes, unredeemed. If the items are used or redeemed, they will be charged to your account.
