

Faculty Senate - Executive Committee

Minutes

Monday, March 30, 2026

Attendance: Rob Godby (*Chair*), Ray Fertig (*Chair-Emeritus*), Vladimir Alvarado (*Secretary*), Gregg Cawley (*Member-At-Large*), Brad Rettler (*Member-At-Large*), Tiger Robison (*Member-at-Large*), Ashley Hope-Carlisle (*Member-at-Large*).

Members Absent: None.

Guests Present: David Bagley (*Vice Provost – Academic Affairs*), Brandon Roberts (*Assistant Professor, ZooPhys*), Michelle Hilaire (*VP of Undergraduate Education*).

The meeting was called to order at 12:32pm.

With the consent of the committee, normal operating procedures were suspended to address time sensitive matters and attend a meeting with a presidential candidate.

Chair's Report

No chair's report in the interest of time constraints.

Other Business

The Committee heard from Brandon Roberts is deeply involved in the formulation of a SAP addressing the use of AI use by students here on campus. Brandon was a part of the AI Teaching Committee, which has since been absorbed by the President's Commission on AI, provided a detailed report concerning the process behind building and developing this new SAP. The issue of AI use by students on campus is tied both thematically and directly to the role of AI being utilized by any member of the campus community, which makes the process entangled and touching across multiple different points on campus. Brandon took several questions from the Executive Committee.

The committee adjourned to their meeting at 12:55pm.
