**Own Your Schedule!**

-Emilee Inez (UW Senior)

---

**Tips to Owning Your Schedule**

- Maintain daily & weekly checklists
- Familiarize yourself with your syllabi (paying close attention to all due dates)
- Don’t procrastinate
- Schedule time for yourself (a walk in the park, exercise, coffee with a friend)
- Prioritize assignments according to workload and due dates

---

**Visit Your Professors!**

Office Hours are times when you can meet with your professors outside the class sessions.

Office Hours are indicated on the course syllabus—along with information on office location and how to schedule a time to visit with your professor.

If you are unable to meet with your professor during office hours but need to schedule a meeting, visit with the professor briefly after class to inquire about scheduling a different time to meet. Professor are happy to meet with you and want you to come visit with them about your questions in the course and your progress.

**Early Alert**

If you receive an Early Alert in any of your classes—DON’T PANIC. Instead, consider this an opportunity to seek academic/personal help and discuss your options with your instructors and advisors.

Check out our information sheet on Early Alert here.
