Think Big
Go Bold
Be the Best

“WE ARE NOT WAITING FOR THE FUTURE. WE ARE CREATING IT.”
The University of Wyoming Foundation is a trailblazer. We are breaking through, setting a new standard for what a university foundation can accomplish. We think big, we embrace bold initiatives, and we strive to be the best in all that we do.

Why? Because we aren’t satisfied with the status quo. We’re always asking: how can we make it better?

Everything we do serves UW’s greater good. The foundation exists to benefit the University of Wyoming, and we take the greatest pride in our service to UW. Our fundamental belief in the university’s mission keeps us laser-focused on a commitment to be innovative and transformational.

In fact, we aren’t afraid to go where our vision and creativity take us. If our higher purpose of supporting UW is served by breaking convention, then we’ll do so without hesitation.

The generosity of UW’s many friends and supporters inspires us. We seek to unite the passion and pride of the UW family with opportunities that will improve the lives of students, the excellence of faculty, and the future of Wyoming and the nation.

Ultimately, we do all of this together. We work hard. We work smart. We work toward this vision and we do it as a team. Excellence will not be achieved unless all of us play our part.

Big. Bold. Best. These are the words we live by.
