

THE CHALLENGE

The University of Wyoming Legacy Match would be a unique matching program that would empower UW alumni and friends to have an immediate impact when they make planned gifts to support the university (such as through a bequest, a living trust, or a retirement plan beneficiary designation). When a donor documents a planned gift, they would immediately direct UW Legacy Match funds to a purpose that resonates with them, such as student scholarships, support for a specific college or program, or an endowment fund that they plan to create or supplement with their planned gift.

Unrestricted matching funds would be available on a first-come, first-served basis to any donor who documents a planned gift. The UW Legacy Match would match 10 percent of the planned gift up to \$10,000.
