

International Research **FUNDING AWARDS**

Fall 2022: Faculty

Jake Goheen

Zoology & Physiology

"Compatibility of livestock and wildlife in human-occupied rangelands: using cattle to conserve lions and their prey"

Curtis Davidson

Environment and Natural Resources

"The Future of Via Ferrata Climbing in the United States"

Thomas Boothby

Molecular Biology

"TardiSense: Developing a tardigrade protein based biosensor for water deficit"

Bethann Merkle

Zoology & Physiology

"L'art de la recherche transdisciplinaire au Wyoming et au Canada français
(The art of transdisciplinary research in Wyoming and French Canada)"

Danny Dale

Physics & Astronomy

"Constraining Galaxy Evolution with the James Webb Space Telescope"

Sandy Hsu

Communication & Journalism

"Marital- and Parental-Role Expectations among Young Adults in Taiwan:
Conflict Management Styles and Gender-Role Beliefs as the Explanation"

Kelly Simonton

Kinesiology & Health

"Exploring an international partnership in physical education teacher training
and mentoring: The infusion of student-centered instructional models"

International Research **FUNDING AWARDS**

Fall 2022: Faculty

John Fadial
Music

"Fadial Cardiff Music Research Project: String Works of Morfydd Owen and Grace Williams"

Jiantian Zhu
Civil & Architectural Engineering

"Integrating ecohydrological processes and landscape changes in arid and semi-arid environments – an international collaboration"

Ahmed Abdelaty
Civil & Architectural Engineering

"Evaluating Construction Safety Standards in Egypt"

Matthew Greenberg
Music

"De-Stigmatizing Addiction through Fitzmaurice Voicework Teacher Certification in Ljubljana, Slovenia"

Christina McDonnell
Psychology

"The Autism Pregnancy Project: A Co-Designed Study of Pregnancy Experiences and Healthcare Services among Autistic People and Healthcare Professionals"

Elizabeth Minton
Business

"Marketing and Child Loss: A Cross-Cultural Examination"

International Research **FUNDING AWARDS**

Fall 2022: Students

Erin Stewart
Zoo/Phys MS

"Vocal sparring: the role of song quality in mediating resource competition in birds"

Annabella Helman
Ecology Ph.D.

"Compatibility of livestock and wildlife in human-occupied rangelands: using traditional pastoralism to enhance conservation of lions and their prey"

Kimberly Jordan
Zoo/Phys MS

"How does bill morphology impact foraging behavior in a tropical bird across a rainfall regime?"

Leo Khasoha
Zoo/Phys MS

"What explains commonness and rarity of small mammals in an East African Savanna: a test of the Niche-Breadth hypothesis"

Maeve Knepper
Econ/INST BS, BA

"Evaluating the Impacts of Water Scarcity on Refugees in the Hashemite Kingdom of Jordan"

Mary de Aquino
Zoo/Phys MS

"Examining the relationship between specialization level and niche breadth in army-ant following birds"

Jeff Dolphin
Zoo/Phys MS

"Assessing Wildland-Urban Interface Between Wolves and Feral Dogs in Bogdkhan Mt Strictly protected Area, Mongolia"

International Research **FUNDING AWARDS**

Fall 2022: Students

Skylar Chambers
INST MA

"Modern Feminist Activism in Taiwan and Japan: A comparative Examination of #MeToo's Influence"

Janna Gentry
CW MFA

"Religious Subcultures at Home and Abroad"

Dedan Ngatia
Ecology PhD

"Recovering a globally important African wild dog population: addressing the main causes of mortality (infectious disease and persecution by people)"

Lena Newlin
CW MFA

"Japanese American Wyomingites—an intergenerational story"

Jenna Vonhofe
Law JD

"Transboundary Water Relationship between Chile and Bolivia"

Hannah Mink
Law JD

"Chilean-Bolivian Transboundary Water Relations Post-Chile v. Bolivia"

Logan Armstrong
Law JD

"Indigenous Peoples & Chile v. Bolivia"

Hayley Moon
Psych

"A Comparative Study of Universities Response to Sexual Assault"
