## New Opportunities

Call Title:		CALL FOR EXPRESSIONS OF INTEREST – TAJIKISTAN
Programme: Global Community Engagement and Resilience Fund (GCERF)		
Objective:	GCERF invites Civil Society Organisations (CSOs) in Tajikistan to apply for funding to implement programmes that promote rehabilitation and reintegration (R&R) of women and children returnees from Northeast Syria and Iraq, building on the previous work by other like-minded organisations and the Government of Tajikistan.	
Eligible Activities:	<p>The funding will be directed towards strengthening two objectives: local capacity building and direct R&amp;R support. GCERF's grant funding mechanism primarily supports local CSOs in a consortium model, wherein R&amp;R initiatives will be implemented.</p> <p>Actions must take place in Tajikistan.</p>	
Eligible Applicants:	Organisations must have (i) Legal registration in the Republic of Tajikistan; (ii) Willingness and capacity to serve as a Principal Recipient (PR) within a consortium, if applicable.	
Total Budget: €1,000,000		
Deadline: 10/01/2026

<b>Call Title:</b>	<b>ALLIANCES FOR SECTORAL COOPERATION ON SKILLS (IMPLEMENTING THE 'BLUEPRINT')</b>
<b>Programme:</b>	<b>European Commission (EC) - Erasmus+</b>
<b>Objective:</b>	<p>Objective</p> <p>Alliances for Sectoral Cooperation on Skills aim to create new strategic approaches and cooperation for concrete skills development solutions – both in the short and the medium term – in areas implementing a major action of the European Skills Agenda for sustainable competitiveness, social fairness and resilience, the Pact for Skills, an action launched under the European Skills Agenda in 2020 and now a major element of the sector based approach of the Union of Skills, the overarching European skills strategy. The initiative provides large-scale partnerships established under the Pact for Skills, with the opportunity to support the development of sector skills strategies, as well as the revision and development of job profiles and of related training programmes.</p>
<b>Eligible Activities:</b>	<p>Alliances for Sectoral Cooperation on Skills seek to tackle skills gaps on the labour market that hamper growth, innovation and competitiveness in specific sectors or areas, aiming both at short term interventions and long-term strategies. These Alliances will be implemented in the 14 industrial ecosystems identified in the New Industrial Strategy for Europe<sup>1</sup> (see eligibility criteria).</p> <p>Activities must take place in EU Member States or third countries associated to the Programme.</p>
<b>Eligible Applicants:</b>	Any participating organisation established in an EU Member State or third country associated to the Programme can be the applicant. This organisation applies on behalf of all participating organisations involved in the project.
<b>Total Budget:</b>	€ The maximum EU grant per project is €4,000,000. Funding rate is 80%.

<b>Call Title:</b>	<b>ALLIANCES FOR EDUCATION AND ENTERPRISES</b>
--------------------	--

<b>Programme: European Commission (EC) - Erasmus+</b>	
<b>Objective:</b>	<p>Objective</p> <p>Alliances for Education and Enterprises are transnational, structured and result-driven projects, in which partners share common goals and work together to foster innovation, new skills, a sense of initiative and entrepreneurial mind-sets. They aim to foster innovation in higher education, vocational education and training, enterprises and the broader socio-economic environment. This includes confronting societal and economic challenges such as climate change, changing demographics, digitisation, the emergence of new, disruptive technologies such as artificial intelligence generating demand for STEM skills and talent and rapid employment changes through social innovation and community resilience as well as labour market innovation. In 2026, this topic will also address the challenge of severe skills gaps in sectors crucial for Europe's competitiveness in line with the Union of Skills initiative.</p>
<b>Eligible Activities:</b>	<p>Alliances for Education and Enterprises bring together enterprises and both higher education and vocational training providers to work together in partnership. Operating within one economic sector or several different economic sectors, they create reliable and sustainable relations and demonstrate their innovative and transnational character in all aspects. While each partnership must include at least one VET and one higher education organisation, they can address either both or one of these educational fields. The cooperation between VET and higher education organisations should be relevant and should benefit both sectors.</p> <p>Activities must take place in EU Member States or third countries associated to the Programme.</p>
<b>Eligible Applicants:</b>	Any participating organisation established in an EU Member State or third country associated to the Programme can be the applicant. This organisation applies on behalf of all participating organisations involved in the project.
<b>Total Budget: € The maximum EU grant per project is €1,500,000. Funding rate is 80%.</b>

<b>Call Title:</b>	<b>PRIZE FOR INNOVATION IN GLOBAL SECURITY</b>
<b>Programme: Geneva Centre for Security Policy (GCSP)</b>	
<b>Objective:</b>	<p>Objective</p> <p>Under the leadership of Ambassador Thomas Greminger, Executive Director of the GCSP, the Prize for Transformative Futures in Peace and Security was initiated by Professor Nayef Al-Rodhan, Director of the Geopolitics and Global Futures Department, and Ms Anne-Caroline Pissis Martel, Director of the Global Fellowship Initiative and Creative Spark. It seeks to reward groundbreaking concepts that offer exceptional promise in addressing peace and security challenges. The inaugural edition of the prize was awarded in 2023.</p>

<b>Eligible Activities:</b>	<p>Submissions may come from any country, but the potential impact of the concepts submitted should extend beyond national borders in their scope or thinking. Concepts from a wide variety of fields may be eligible for consideration, including, but not restricted to, transformative technologies, pandemics, biothreats, autonomous weapons, climate change, human rights, cybersecurity, education, or disarmament, for example.</p> <p>Applications are welcome from all countries, provided that the projects extend beyond national borders in scope or concept, and seek to tackle global security issues in innovative ways. A wide range of projects may qualify for consideration, including technological and conceptual innovations, original research, or grassroots initiatives.</p>
<b>Eligible Applicants:</b>	Eligible applicants are individuals, or group of individuals, or organisation (from private or public sectors).
<b>Total Budget: €100,000</b>	
<b>Deadline: 20/03/2026</b>

<b>Call Title:</b>	<b>THRIVING FARMERS, RESILIENT ECOSYSTEMS, EMPOWERED COMMUNITIES</b>
<b>Programme: Common Fund for Commodities (CFC)</b>	
<b>Objective:</b>	The Common Fund for Commodities (CFC) invites applications for financial support from projects that aim to transform commodity value chains and uplift smallholder and SME-based enterprises in CFC member countries. The CFC provides a variety of financial and technical support options to empower SMEs, cooperatives, International Commodity Bodies (ICBs), and other institutions, particularly those led by or supporting women in agriculture.
<b>Eligible Activities:</b>	<p>Their mission is to alleviate poverty and create sustainable livelihoods in commodity-dependent communities, with a strong emphasis on supporting the poorest and most vulnerable in the global value chains, including in areas of production, processing, financing, marketing, and R&amp;D. Successful applications should demonstrate tangible, sustainable impacts on the lives of low-income populations who depend on commodities, with particular focus on female smallholders and women-led enterprises.</p> <p>Quality project proposals from LDCs (Least Developed Countries), LLDCs (Landlocked Developing Countries) and SIDs (Small Island Developing States) will be given priority to alleviate more people from poverty. Projects focused on the sustainable use and conservation of forest resources in the Congo Basin region (Cameroon, Central African Republic, Democratic Republic of the Congo, Equatorial Guinea, Gabon, and the Republic of Congo). Funding proposals concerning small ticket sizes for projects based outside capital cities, focused on domestic markets or non-traditional value chains, and without prior international investment in the following countries: Senegal, Tanzania, Malawi, Ethiopia, Rwanda, Zambia, Mozambique, Democratic Republic of the Congo, and Zimbabwe.</p>

<b>Eligible Applicants:</b>	Eligible are SMEs/enterprises/businesses/cooperatives/financial institutions/governments. Women entrepreneurs are especially encouraged to apply.
<b>Total Budget:</b>	<b>€1,500,000 per project</b>

<b>Call Title:</b>	<b>CALL FOR PROPOSALS TO NATIONAL ROMA CONTACT POINTS</b>
<b>Programme:</b>	<b>European Commission (EC) - CERV</b>
<b>Objective:</b>	<p>Objective</p> <p>The call's objective is to promote equality and prevent and combat inequalities and discrimination on grounds of sex, racial or ethnic origin, religion or belief, disability, age or sexual orientation and respect the principle of non-discrimination on the grounds provided for in Article 21 of the Charter. Particularly, the call has the objective to promote and facilitate dialogue, mutual learning, cooperation, and policy review among all national stakeholders through the national Roma platforms, while strengthening Roma participation – particularly of women and young people – including through the nomination of Roma representatives to ensure links between national and European Roma platforms.</p>
<b>Eligible Activities:</b>	<p>Themes and priorities (scope): Strengthening the national Roma consultation processes in Member States through national Roma platforms convened and managed by national Roma contact points (NRCPs).</p> <p>Actions must take place in the Member States of the European Union plus associated countries.</p>
<b>Eligible Applicants:</b>	Applicants must be legal entities (public or private bodies). Applicants must be established in the eligible countries.
<b>Total Budget:</b>	<b>€1,500,000</b>
<b>Deadline:</b>	<b>09/04/2026</b>

<b>Call Title:</b>	<b>Communities Led Actions Grant Program</b>
<b>Programme:</b>	<b>Technical Assistance and Support to Communities of actors for the Mediterranean Basin</b>
<b>Objective:</b>	The European Union is offering a significant funding opportunity through Community-Led Actions (CLA), providing grants to support projects focused on environmental protection, sustainable development, and innovation in the Mediterranean basin.

<b>Eligible Activities:</b>	<p>Grants will be awarded as lump sums to cover personnel and direct costs such as goods and services, equipment, travel, subcontracting, and dissemination activities. Payments will be linked to project milestones, ensuring accountability and progress throughout the project duration.</p> <p>Applicants are required to select a single primary Pillar for their project's focus. Pillar #1 focuses on protecting and restoring marine and freshwater ecosystems and biodiversity. Pillar #2 aims to prevent and eliminate pollution of oceans, seas, and waters. Pillar #3 targets the creation of a sustainable, carbon-neutral, and circular blue economy. Each proposal must clearly outline the project's challenge, objectives, methodology, and expected outcomes to achieve the goals of the chosen Pillar.</p> <p>A total of €7 million is available under this initiative, with individual project funding ranging from €200,000 to €1.4 million and a maximum of €500,000 allocated per third party. At least five projects will be funded, each running for up to 24 months. Payment installments will be distributed as 40% pre-financing, 45% interim, and 15% upon acceptance of the final report, providing financial stability while incentivising project completion.</p> <p>The open calls are designed for communities of actors within EU Member States or Associated Countries. Eligible applicants include regional and local authorities, NGOs, associations, research and educational institutions, and companies, including SMEs, operating in the Mediterranean basin. All activities must take place in this region, and each organisation may submit only one proposal per call. Applications must be submitted in English, and all applicants must comply with EU sanctions and restrictive measures.</p> <p>This initiative provides a valuable opportunity for Mediterranean-based organisations to collaborate, implement innovative solutions, and make a measurable impact on the region's environmental sustainability and blue economy development.</p>
<b>Eligible Applicants:</b>	<p>Projects must be submitted by consortia of at least two legal entities representing a Mission community. Targeted beneficiaries include ports and marinas piloting zero-discharge solutions, technology developers, municipalities and regional authorities demonstrating pollution-prevention technologies, aquaculture and aquafeed producers developing climate-smart solutions, conservation organisations and scientists deploying biodiversity monitoring and restoration tools, locally based companies and startups developing circular economy solutions, as well as research and educational institutions.</p>
<b>Total Budget: €7,000,000</b>

<b>Programme: Technical Assistance and Support to Communities of actors for the Mediterranean Basin</b>	
<b>Objective:</b>	The European Union is offering funding opportunities through the Transition Agenda Development (TA) initiative, targeting projects that advance sustainable practices, environmental protection, and governance in the Mediterranean basin.
<b>Eligible Activities:</b>	<p>Applicants are required to select a single primary Pillar for their project's focus, and the entire proposal—including the project's challenge, objectives, methodology, and expected outcomes—must be explicitly designed to achieve the goals of the chosen Pillar. Pillar #1 focuses on protecting and restoring marine and freshwater ecosystems and biodiversity, Pillar #2 aims to prevent and eliminate pollution of oceans, seas, and waters, and Pillar #3 supports the creation of a sustainable, carbon-neutral, and circular blue economy.</p> <p>Grants will be awarded as lump sums to cover personnel and direct costs such as goods and services, equipment, travel, subcontracting, and dissemination activities. Payments will be made in installments tied to project milestones and deliverables to ensure progress and accountability.</p> <p>A total of €1 million is available under this call, with funding of up to €100,000 per project and a maximum of €100,000 per third party. At least ten projects will be funded, each running for up to 12 months. This program is designed to engage communities of actors within EU Member States or Associated Countries, focusing on entities that are established in these regions and active in the Mediterranean basin. All activities must take place within the Mediterranean region, and applications must be submitted in English, complying with EU sanctions and restrictive measures.</p>
<b>Eligible Applicants:</b>	<p>Eligible applicants include regional and local authorities, NGOs, associations, research and education institutions, and companies, including SMEs, operating in the eligible geographical areas. Each organisation may submit only one proposal per call. Projects can be implemented by individual legal entities or consortia of up to two entities representing a Mission community.</p> <p>Targeted TA beneficiaries are typically organisations involved in policy, governance, and stakeholder coordination. These include regional and local authorities, NGOs focused on policy advocacy, research institutions conducting legal harmonisation studies, and associations developing multi-stakeholder dialogue frameworks. All projects must include at least one partner from a Mediterranean country, ensuring regional relevance and impact.</p> <p>This initiative provides a strategic opportunity for Mediterranean-based organisations to influence policy, strengthen governance, and implement sustainable solutions that support the ecological, economic, and social development of the region.</p>
<b>Total Budget: €1,000,000</b>
