Recipient of Seibold Professorship

Professor of Gender and Women's Studies

Director of the Women's Advancement
and Research Center (WARC).

Sponsored by
Gender and Women's Studies

The Seibold Professorship, established through the generosity of the late Clarence Seibold, is open to tenured members of the University of Wyoming faculty in the social sciences, humanities, and fine arts. Its purpose is to give faculty members with a demonstrated commitment to teaching the opportunity for a year's leave to participate in a project that will benefit some aspect of their professional lives and enhance teaching.
