

RESOLUTION

By

**Wyoming Stock Growers Association and Wyoming Wool Growers Association
WSGA/WWGA Joint Convention
Dec. 9, 2009, Casper Wyoming**

Whereas collaborative scientific research is an essential component of long-term goals to manage, control and eradicate brucellosis in cattle and wildlife through the development of vaccines, improved tests, and other items related to understanding brucellosis and its impacts; and

Whereas the University of Wyoming College of Agriculture and Natural Resources has, with the support of the Wyoming Governor and Wyoming Legislature, established a consortium of scientists and stakeholders from around the nation to coordinate, direct and seek funding for such research; therefore

Be It Resolved that WSGA/WWGA actively support the UW Consortium for the Advancement of Brucellosis Science and assist in efforts to secure adequate federal, state and/or private funding for approved research projects.
