

FACULTY AND ACADEMIC PROFESSIONAL BENEFITED JOB OPENINGS GUIDE

UW PEOPLESOFT USER GUIDE

This script will walk you through the process of managing a job opening for a benefited faculty or academic professional position from designating search committee members to screening applicants to making an offer of employment. HR is happy to consult at any stage of the process! Please call 766-5612 OR EMAIL drulf@uwyo.edu.

Make sure that you allow pop-ups for this site.

The Process At-A-Glance	
PART ONE: Finding the Job Opening and Entering Search Committee Members.....	pg.2
<ol style="list-style-type: none"> 1. An Academic Position Request must first be approved (see the Academic Position Request User Guide). Following this approval, Human Resources (jobapps@uwyo.edu) will create a Job Opening within PeopleSoft HRMS and post the advertisement on the UW Website. 2. Once the job opening is created, search committee chair/delegate needs to enter all search committee members into the job opening within PeopleSoft HRMS to ensure access to application materials as candidates begin applying online. (OFCCP Training is required for all search committee members.) 	
PART TWO: Reviewing applications and marking candidates for interview.....	pg. 10
<ol style="list-style-type: none"> 3. As candidates apply, hiring/search committees can log in and view all application materials and begin screening applicants. 4. The search chair or delegate indicates which candidates will be interviewed within PeopleSoft HRMS and sends an accompanying matrix to Employment Practices via email: diversity-epo@uwyo.edu. Employment Practices will attach the matrix to the job opening and the list of interviewees will go through an electronic approval chain. 5. Once <i>initial interviews</i> are approved, the department can begin interviews. Second-round interviews can also be requested within the system (no matrix required for second round interviews.) Additional approvals (including a matrix) are required if additional candidates are selected for interview. 	
PART THREE: Indicating the Top Candidates and Making a Job Offer.....	pg. 15
<ol style="list-style-type: none"> 6. After the interview process, if top candidate/s are chosen, the search committee will email a final matrix to Employment Practices: diversity-epo@uwyo.edu indicating the top candidates, scores or comments demonstrating how the decision was reached and the amount of the final job offer. The top candidates are also indicated in the system in order of preference. 7. Employment Practices will attach the final matrix to the job opening in PeopleSoft HRMS. To complete the hire, the finalized job offer letter and offer amount should be sent to Human Resources at jobapps@uwyo.edu . HR will input this information into PeopleSoft HRMS and this will go through electronic approvals. 8. Once the job offer is approved, Human Resources will initiate the hiring process including a background check. <p>Questions regarding the Academic Job Opening and next steps can be directed to HR at 307-766-5612.</p>	

PART ONE:

➤ **FINDING THE JOB OPENING AND ENTERING SEARCH COMMITTEE MEMBERS**

Once an Academic Position Request has been submitted and approved, Human Resources will create a Job Opening. This will allow the job to be posted/advertised and accept applicants. HR will notify Search Chairs when the Job Opening is complete.

All search committee members must be entered into the job opening by the originator/Search Chair.

Step	Notes	
1	Log in to PeopleSoft HRMS and begin by navigating to the Find Job Openings page. From the main menu, select Recruiting .	
2	Then click on Find Job Openings	
3	The Find Job Openings page should now display.
