Payroll Costing Module Upgrade

The Payroll Costing Module has been upgraded as of Monday, February 16 to include Assignment Level costing for Hourly Non-Benefited, Temporary Lecturers and Monthly Pooled employees.

QRG's are available in WyoCloud Learning and Development for all costing related processes under the [Human Capital Management](#) category, and then the [Costing](#) section.

Please reach out to payroll1@uwyo.edu if you have questions or problems.

We appreciate UW's Integrations Team for working to provide this improvement to the Payroll Costing Module!
