____________________________________________________________________________
____________________________________________________________________________
____________________________________________________________________________

Pesticide(s) product-label instructions and precautions related to public safety:

____________________________________________________________________________
____________________________________________________________________________
____________________________________________________________________________

Not less than twelve (12) hours before application of pesticides within school buildings, signs shall be posted at main entrances to school buildings and at the entrances to the specific application area within buildings. If pesticide application is made outdoors to any area adjacent to a school building or on property used by the district for student activities or playgrounds, signs shall be posted immediately adjacent to the treated area and at the entrance to the district property. The signs shall remain posted for seventy-two (72) hours.

This SIGN template is available on the website "Wyoming School IPM"
