## Law School Welcomes New Law Librarians at George W. Hopper Library

**Meara Hill**

Meara (they/them/theirs) comes to us from the University of Oklahoma Law Library. They hold an MLIS and a graduate certificate in archival studies from the University of Oklahoma and a bachelor's degree in history from the University of Texas at Austin. Meara's research interests are in historic legal research and archival preservation.

When Meara isn't librarian-ing, they skate on Laramie's Roller Derby team, the Naughty Pines.

**Tracey McCormick**

Tracey comes to us after working in outreach in a public library in southern Colorado. She brings with her paralegal, teaching, and digital archiving experience. In addition to her MLIS from Emporia State, Tracey also holds a master's in psychology. Her research interests include user-centered design and information retrieval.

Tracey is looking forward to winter snowsporting with her dog Ivory.

**From the Director**

Welcome (back) to the George W. Hopper Law Library. We are a public law library serving those within the College of Law and the University of Wyoming along with our alumni, regional attorneys, and anyone with an interest in legal research. These are interesting times, as temporary construction walls have reduced the footprint of the library, eliminating study rooms and student carrels. We ask for your patience as we deal with varying degrees of noise, cramped spaces, and randomly placed furniture until the building addition and renovation is complete next summer.

The library is more than a physical space. Our law library team will continue to provide access to resources and services that support your studies, scholarship, and wellness. We wish you the best in this new academic year.
