Selecting a Roommate:
Tips within the Housing Contract

You are receiving this information because you have successfully completed the 2024-2025 UW Housing & Dining Services contract. As a reminder, you will have the opportunity to select your own room and roommate for the upcoming school year. For an overview of the Room Selection process and timeline, please see our Room Selection FAQ webpage.

Whether you want to room with your best friend from high school or want to live with someone new, finding your roommate in the residence halls is an important step toward a rewarding year in your new home. If you find someone who might be a potential roommate, send a roommate invitation!

Even though you have completed your contract, you can still add a specific roommate through June 26, 2024. To room with a requested roommate, you both must be in the same Living Learning Community (LLC), or at least one of you must have selected ‘No Preference’ of community options. Want to update your profile survey questions? You are welcome to change these as well! Simply log back into the housing portal and make your updates. While most areas of the contract will not allow changes once complete, these two pages can still be modified. Feel free to email us if updates are needed on pages you cannot access a second time.

Specific Person You Want to Room With? See Section B below.
Section A: No Specific Roommate Request

Complete the Roommate Profile questions on the Living Preferences page of the application carefully and honestly! As room selection occurs in July, potential roommates will be able to see how you answered these questions, and you can see how they responded. The more accurately you respond, the more others can learn about you and you about them.

Section B: Specific Roommate Request

Congratulations! You know exactly who you want to live with next year! If you haven’t already confirmed them on your application, it’s not too late. Complete the request by June 26, and you can book a room together in July, as long as space allows and there is no conflict in Living Learning Community (LLC) placement.

On the Roommate Request page of the Application, request your roommate using their name or student W number. Using their W number must be entered with a capital W followed by their 8-digit number. Only students who have confirmed their enrollment at UW and have completed a housing contract are available for roommate selection. No worries if the person you want to room with has not completed their housing application or confirmed their enrollment yet! Simply complete your application without selecting a roommate. When they complete their application, they will request you (using your name or W number). An email will be sent to you letting you know someone has made this request. You will then log into the application and ‘Accept’ their roommate request.

Roommate Request

Want to request a specific person as a roommate? Select the ‘Search for Roommate by Details’ option below. Here you can find your friend using their name or student W number. Only those who have completed a housing application for the Academic Year 2023-2024 can be requested. If your friend has not completed their application, go ahead and complete yours without making a roommate request. When your friend completes their application, they can request you as a roommate. An email will be sent to you at that time with instructions on how to accept their request.

If you don’t have a specific person in mind, you can skip this page now and return any time prior to June 26.

You are not required to select a roommate. Often, those who elect a ‘potluck’ roommate become great friends!

Remember, both you and your requested roommate must confirm each other in the housing application before you will be allowed to place yourselves in a room space together. While we can honor most roommate requests, if you and your requested roommate are in different LLCs (Living Learning Communities) or either person requires special placement, rooming together cannot be guaranteed.

Roommates can be selected now; room selection occurs later in the summer.

Unable to find your requested roommate? * Have they completed their application? * Are you both listed as the same gender? * Make sure both have checked the ‘Display In Roommate Search’ box on the Living Preferences page of this application.

No Confirmed Roommate

You are not a member of any roommate groups.

Search for Roommates by Details
To see your requested roommate’s responses to their profile questions, select ‘View Profile.’ To request your friend as a roommate, select ‘Add to Group.’ Once you officially request your friend, they appear under Requested Roommates on this page.

**Next, ask your roommate to ‘Accept’ your request. This is important!**

They will receive an email letting them know you have requested them. They can log back into their housing portal and ‘Accept’ your request.
Once a roommate request has been made and accepted, the roommate group will be ‘Verified’, and you can book yourselves together as roommates during room selection in July.

Please note if you and your roommate are in different LLCs, you will not be able to room together as LLC placement takes precedence over roommate requests.

Please feel free to reach out to our office with any questions! We are happy to help with housing or contract inquiries, meal plan questions, or any concerns you have regarding life on campus next year.

Watch your email in June for specific information on the Room Selection process, which will occur in July.
