

Curriculum Vitae

Joseph G. Grzywacz

Preparation

- 1998 – 2000 T32 Postdoctoral Fellowship, Psychology and Social Behavior, University of California, Irvine
- Ph.D. 1998 Child and Family Studies, University of Wisconsin-Madison
- M.S. 1994 Human & Community Resources, University of Wisconsin-Stevens Point
- B.S. 1990 Health Promotion and Wellness, University of Wisconsin-Stevens Point

Summary By the Numbers

Academic Administration

- ☑ 15 years of progressively more complex experience
- ☑ 10 graduate programs (5 Master's, 1 Masters/Ph.D., and 4 Ph.D.)
- ☑ 600+ undergraduate students annually, as Department Chair
- ☑ 30 Ph.D. students annually as Department Chair
- ☑ 200 graduate students annually as Associate Dean of Research & Graduate Studies

Research

- ☑ \$20 million in extramurally supported research
- ☑ 20 consecutive years of federal support for research
- ☑ 229 Publications in the Web of Science core collection
- ☑ 9,916 ISI-counted citations
- ☑ 7,265 authors have cited my research
- ☑ 29,734 Google Scholar citations
- ☑ 76 Google Scholar's *h*-index
- ☑ 3rd place, Overall contributions to Work and Family Research (see [Hill et al., 2019](#))

National Service

- ☑ 245 reviews of grants submitted to the National Institutes of Health
- ☑ 5 Editorial Boards served, spanning four disciplines
- ☑ 2 Guest-Edited Special Issues and 1 Edited volume
- ☑ 3 appointments as Editor, Associate Editor, or Deputy Editor to an international journal
- ☑ 30 manuscripts reviewed, on average, annually for 13 journals serving 8 disciplines
- ☑ 1st Place, Service to Work and Family Research (see [Hill et al., 2019](#))

Professional Experience

Administration

- 2023 – San José State University, College of Health and Human Sciences – Associate Dean for Research & Faculty Responsibilities. Increase and expand the faculty's engagement in research and other creative activities. The primary focus is systematically growing a portfolio of extramurally funded research, involving more undergraduate students in extramurally funded research, and updating the college's research procedures and facilities to enable more robust research. Also responsible for supporting

faculty development, overseeing the retention, promotion, and tenure process of college faculty, and selecting professional leaves (sabbaticals) to ensure equity across diverse clinical and basic science units.

Accomplishments. Contributed to a 20% increase in research awards in 2023-24 relative to 2022-23. Secured a \$3.4M, 5-year pipeline grant from the California Department of Health Care Access and Information to grow the diverse health professionals in rural and health provider shortage areas. Led a university-wide (6 of 7 academic colleges) initiative to launch an NIH-funded (\$19.4M) Research Center at Minority Institutions that earned a competitive score (36) though not funded. Revision is currently underway. I led the development of college-wide policies to promote student access and use of research spaces and equipment.

- 2019 - 2021 Florida State University, College of Human Sciences – Associate Dean for Research & Graduate Studies
Responsibilities. Oversaw the College’s diverse research programs, including basic animal research and applied and human translational research, including “ramping down” and “ramping up” labs in response to the COVID-19 pandemic. As Co-Chair of the Council for Associate Deans of Research, I promoted collaborations across departments and university colleges. Supported by two staff, I represented the College to the Graduate College, communicating information to stakeholders about graduate recruitment, enrollments, and student progress. Developed and authorized Memoranda of Agreements for graduate student service-learning and internships, oversaw graduate student orientation to the College, and served as the faculty advisor to the Graduate Student Advisory Committee for the College.
Accomplishments. Created and implemented college policy to return collected indirect costs to principal investigators. Developed procedures to ensure fairness across all graduate benchmarks (e.g., qualifying exams, dissertation prospectus, dissertation defense) and rigor in all graduate programs across the college.
- 2015– 2019 Florida State University, College of Human Sciences – Department Chair, Department of Family and Child Sciences
Responsibilities. I served as the chief administrative officer responsible for the department faculty. I represented the Department to the Dean and the University, and the Dean and University to the Department. Administered an undergraduate major serving +600 students annually, a master’s degree program serving 6-8 students annually, and two Ph.D. programs serving 30 students annually. Conducted annual performance evaluations for tenured (n=5), tenure-track (n=4), and specialized teaching faculty (n=6). Supervised one administrative staff member and served as the principal financial officer of the department, responsible for receipts and expenditures of all money and preparation of an annual budget for discussion with the faculty.
Accomplishments. Completed a Quality Enhancement Review of all programs, resulting in a 50% growth in tenure-track lines. Increased submissions to the National Institutes of Health by 300% and NIH grant awards by 200%. Achieved COAMFTE re-accreditation for the doctoral program in Marriage and Family Therapy. Completed the FSU Leadership Development Program.
- 2012 – 2015 Oklahoma State University, College of Human Sciences – Director, Center for Family Resilience

Responsibilities. I developed the infrastructure and activities of a new center that included three programs (i.e., Research, Education & Translation, and Community Engagement). I designed and managed an annual operating budget of \$150,000, two full-time personnel, and four graduate research assistants. I built a portfolio of grants and contracts that supported community agencies by providing an external evaluation of program offerings, coordinated data capture across multiple community organizations, and facilitated field placement of graduate students' service learning.

Accomplishments. Completed the Association of Public and Land Grant Universities LEAD21 program. Doubled the number of faculty directly engaged in center activities and tripled the number of graduate students supported. Launched a "grant writing cohort" to train faculty in NIH grant-writing, a monthly seminar series, and an annual colloquium with an associated edited volume published by Springer. The activities culminated in receiving an ~\$12 million Center for Biomedical Research Excellence (CoBRE) grant funded by the National Institute for General Medical Sciences. Grew the center's physical footprint from a 300-square-foot office suite to over 1,500 square feet.

2008 – 2012 Wake Forest University School of Medicine, Department of Family & Community Medicine – Associate Director for Research, Center for Worker Health,
Responsibilities. I developed and launched an annual pilot grant competition, coordinated the peer review of the pilot grant competition, and administered grant awards. I collaborated with the Associate Director of Training and Engagement to launch a quarterly seminar series. Contributed to LCME Accreditation.

Academic

2023 – Professor with tenure, Department of Social Work, San José State University.
2015 – 2023 Professor with tenure, Department of Family and Child Sciences, Florida State University
2012 – 2015 Professor with tenure, Department of Human Development and Family Science, Oklahoma State University
2012 – 2015 Professor with tenure, Department of Pediatrics, Oklahoma State University, Center for Health Science
2011 - 2012 Professor with *tenure, Department of Family and Community Medicine, Wake Forest School of Medicine
**Tenure in academic medicine is not conferred with advancement to associate professor. Rather, it is viewed as a "crowning achievement".*
2006 – 2011 Associate Professor, Department of Family and Community Medicine, Wake Forest University School of Medicine.
2002 – 2006 Assistant Professor, Department of Family and Community Medicine, Wake Forest University School of Medicine
2000 – 2002 Assistant Professor, Division of Health Promotion, School of Health Physical Education and Leisure Services (HPELS), University of Northern Iowa

Other Appointments

1998 - 2000 National Institute on Mental Health Postdoctoral Fellow, Department of Psychology and Social Behavior, School of Social Ecology, University of California, Irvine
1998 Graduate Research Assistant with Nadine F. Marks, Socioeconomic Inequalities, Gender, and Midlife Health Project; Funded by the National Institute on Aging.

- 1998 Lecturer, School of Human Ecology, University of Wisconsin-Madison.
 1996 - 1998 Graduate Research Assistant with Nadine F. Marks, Trajectories and Profiles of Successful Midlife Development Project; Funded by the John and Catherine T. MacArthur Foundation.
 1995 - 1998 Interim Lecturer, School of Health Promotion and Human Development, University of Wisconsin-Stevens Point.
 1991-1996 Health Promotion Program Specialist, First Financial Bank, Stevens Point, WI.
 1990-1991 Part-time faculty, Scottsdale Community College, Scottsdale Arizona.

Honors and Awards

- 2019 Felix Berardo Scholarship Award for Mentoring, National Council on Family Relations
 2018 Top 10 Contributor to Work and Family Research, Work and Family Research Network
 2016 Completed Leadership Development Program, organized by the Vice President of Faculty Development and Advancement for Florida State University.
 2015 Norejane Hendrickson Professor of Family and Child Sciences
 2014 Completed Association of Public and Land Grant Universities, Leadership Development Program.
 2013 Fellow, National Council on Family Relations
 2012 Kaiser Family Foundation Endowed Professor of Family Resilience
 2011 Rosabeth Moss Kanter Award for Excellence in Work-Family Research- Top 20 Publication for 2010: *Is work-family balance more than conflict and enrichment.*
 2010 Publication *Work, family, and mental health: Testing different models of work-family fit* was identified as one of the top 20 citations for the Journal of Marriage and Family, the top journal for Family Studies, for the decade 2001-2010.
 2009 Mid-Career Investigator in Clinical Sciences Award. Wake Forest University School of Medicine.
 2008 Rosabeth Moss Kanter Award for Excellence in Work-Family Research- Top 20 Publication for 2007: *Work-family Conflict: Experiences and Health Implications among Immigrant Latinos.*
 2007 Rosabeth Moss Kanter Award for Excellence in Work-Family Research- Top 20 Publication for 2006: *Measuring the positive side of the work-family interface: Development and validation of a work-family enrichment scale.*
 2004 Rosabeth Moss Kanter Award for Excellence in Work-Family Research- Top 20 Publication for 2003: *Work, family, and mental health: Testing different models of work-family fit.*
 2003 Rosabeth Moss Kanter Award for Excellence in Work-Family Research- Top 20 Publication for 2002: *Work-family spillover and daily reports of work and family stress in the adult labor-force.*
 2003 Fragile Families Fellowship to attend the Fragile Families Summer Data Workshop.
 1999 Young Scholar Award from the John D. and Catherine T. MacArthur Foundation.
 1998 National Institute of Mental Health Post-Doctoral Trainee; University of California, Irvine; Department of Psychology and Social Behavior.
 1994 Graduate Dean's Award; The Graduate School; University of Wisconsin-Stevens Point.
 1994 Outstanding Graduate Student; Department of Human Development and Nutritional Sciences; University of Wisconsin-Stevens Point.

Scholarship

Funded Research

Synopsis: *I have served as the Principal Investigator for over \$20,000,000 in federally funded research grants since 2001. Top funders, in terms of grant award dollars, are the: (1) National Institute for General Medical Sciences, (2) Eunice Kennedy Shriver National Institute for Child Health and Development, (3) National Institute for Occupational Safety and Health, and (4) National Institute on Aging. My research has also been supported from national and international foundations, such as the Alfred P. Sloan Foundation and the Doha International Family Institute.*

- 2024 – 2028 Integrative Pathways to Health and Illness: The MIDUS Study (\$390,084). Sponsored by the National Institute on Aging. (Sub-contract Principal Investigator).
- 2023 – 2027 The Bioecological Center for Rural Children’s Health (\$1,900,000). Environmental Protection Agency (Principal Investigator of the Translation Core).
- 2022 – 2024 Noninvasive Pesticide Biomonitoring using Sweat Patches. (\$231,000). Sponsored by the National Institute for Occupational Safety and Health (Co-Investigator).
- 2020 – 2023 ***jPonte Listo!*** Latino Construction Worker Injury Prevention: Engaging Families and Employers. (\$675,192). Sponsored by the National Institute for Occupational Safety and Health (Principal Investigator).
- 2020 – 2023 Research Data Center: Florida Research Data Center (\$47,500). Sponsored by the National Science Foundation (Co-Investigator).
- 2016 – 2021 ***PISCA***: Pesticide & Heat Stress Education for Latino Farmworkers that is Culturally Appropriate. (\$1,124,956). Sponsored by the National Institute for Occupational Safety and Health (Principal Investigator).
- 2016 – 2021 Midlife in the United States: A National Longitudinal Study of Health and Well-being. Administrative Core. (\$30,251). Sponsored by the National Institute on Aging. (Sub-contract PI).
- 2016 – 2021 Midlife in the United States: A National Longitudinal Study of Health and Well-being. Early Warnings Project. (\$127,773). Sponsored by the National Institute on Aging. (Sub-contract PI).

Publications

Synopsis: *I am a productive and impactful scientist. I have 242 ISI-listed publications in the Web of Science Core Collection (79 first-authored), which have over 8,300 ISI citations by over 5,800 articles. Google scholar estimates over 21,000 citations and an h-index of 67. [This URL](#) provides a listing of nearly all my publications. This section summarizes my productivity over the past three years. NOTE: [‡] denotes undergraduate student, ^Δ denotes graduate student, [§] denotes faculty mentee, and [§] community partner collaborator.*

Instruction

Teaching

Synopsis: *I delivered instruction to undergraduates between 1996-2002, largely as an adjunct, postdoc, or early professional. Beginning with my appointment to the Wake Forest University School of Medicine faculty I have engaged exclusively in graduate and postgraduate instruction. This section summarizes the formal and informal instruction delivered.*

Florida State University

FAD 6436. Theories of Family Sciences (3). Prerequisites: Graduate standing, background in child and family studies, as well as instructor permission. This course is a review of current theories in family studies.

2021 – Spring; 2019 – Spring; 2016 – Fall

NIH Grant-Writing Cohort. An 8-week, intensive training (non-listed) course designed to prepare junior faculty to submit their first research grant application to the National Institutes of Health, frequently through the R03 or R21 mechanism.

2020 – Spring; 2019 – Fall; 2016 – Spring

CHD 6261. Theories of Child Development (3). Prerequisites: Graduate courses in child development, psychology, counseling, or family studies, as well as instructor permission. Review of current theories of child development.

2019 – Fall; 2017 – Spring

CHD 5617. Professional Development in Family and Child Sciences (1). Prerequisite: Graduate standing. This course is designed to introduce graduate students in Family and Child Sciences to professional development topics in the field of family and child sciences.

2016 – Fall

FAD 6935r. Special Topics: Family and Child Development–Families & health (3). May be repeated to a maximum of nine semester hours but each topic may only be taken once.

2015 – Fall

Oklahoma State University

HDFS 5153 Policy in Human Development and Family Science (3). Critical analysis of approaches to and models of policy in Human Development and Family Science. Examination of policy analysis and evaluation, development, advocacy, and implementation of state and federal policy and legislation.

2015 – Spring

HDFS 5750/6283: Seminar in Human Development: Selected Topics (Families & Health) (3). Current research in human development and family science. Critical study of classic and current research.

2013 – Spring

HDFS 5470: Developments and Innovations in Human Development, Family Science, and Early Childhood Education (3). Analysis of current developments and innovative practices in one or more of the specified areas. Emphasis upon evolving concepts with implications for programs serving societal needs in these areas.

2013 – Spring

NIH Grant-Writing Cohort. An 8-week, intensive training (non-listed) course designed to prepare junior faculty to submit their first research grant application to the National Institutes of Health, frequently through the R03 or R21 mechanism.

2012 – Fall; 2013 – Spring; 2013 – Fall; 2014 – Spring; 2014 – Fall;
