

“Students seeking admission into the College of Health Sciences are required to obtain and pay for a criminal background check. These background checks are routinely required by schools, hospitals, and other agencies that participate in the clinical/ practice education of our students. The results of your criminal background check may determine if you will be admitted to our program. You must inform the Dean of the College if you are convicted of a crime while enrolled in your training program. Depending on the requirements of your program, you may also be required to update your criminal background check each year (experimental application/placement). Each training site will be informed that you have completed a background check prior to your placement at that site. .”
