

Dr. Kelsey Kriewald is the Pharmacy Clinical Manager at Regional West Medical Center in Scottsbluff, NE. She received her Doctor of Pharmacy from the University of Nebraska Medical Center. Kelsey has been with Regional West for 24 years and has served as a clinical pharmacist and director before returning to her passion as clinical coordinator. Kelsey helps to head the Antimicrobial Stewardship and Opioid Stewardship committees, coordinates Pharmacy and Therapeutics Committee and serves on various other committees at the hospital. She also serves on the state of Nebraska Antimicrobial Stewardship Advisory Council. Kelsey is a preceptor and hosts students from University of Wyoming, University of Nebraska Medical Center, Creighton University and Regis University. She enjoys mentoring students and introducing them to hospital pharmacy. Kelsey and her husband Jeff have two daughters. In her spare time, Kelsey loves to read, play mahjong and spend time with her Bernese Mountain dogs.
