

## Immunizations requirements for P1'S

<b>COVID-19 Vaccination</b>	Not required by UWSOP. Many rotations sites may require proof of vaccination <b>AND</b> an annual update, or a declination form to be completed.
<b>*Hepatitis B 1-3 or Hepatitis B Titer</b>	<b>Admission requirement:</b> 3 shot series or positive titer. Many rotation sites are now requiring a Hepatitis B positive Titer and a Hepatitis booster dose.
<b>Influenza (Required for rotations)</b>	Annually by October 15th or earlier if needed by rotation site.
<b>MMR 1-2 or MMR Titer</b>	<b>Admission requirement:</b> 2 shot series or positive titer.
<b>Tdap</b>	<b>Admission requirement:</b> This is a requirement for all sites. Renewal every 10 years.
<b>**2 Step TB Test, Annual PPD, or T spot or QuantiFeron- TB Gold Blood Test, CXR</b>	<b>Admission requirement:</b> 2 step PPD to be followed up annually with a 1 step PPD prior to expiration of 2 step read date.
<b>Varicella 1-2 or Varicella Titer</b>	<b>Admission requirement:</b> 2 shot series or positive titer.

\*We are seeing a lot of Hospitals *requiring* a Hepatitis B booster AND Hepatitis Titer.

\*\* 2 step PPD involves administering 2 PPD tests. The 1<sup>st</sup> test is placed on one forearm then read 1-3 days after placement.

The 2<sup>nd</sup> test is placed on the other forearm 1-3 weeks after the 1<sup>st</sup> test. Then 1-3 days after placement the 2<sup>nd</sup> test is read.

**For those of you who are from Wyoming or Colorado, you can request your immunization records from the State of Wyoming or State of Colorado.**

**They will all be on 1 document. Here are the links.**
