

# Contemporary American Religion: RELI 2200

## **W**hat is religion? And why is it so important in American culture?

This wide-ranging class examines the pervasive influence of religion in contemporary American culture. We will explore both traditional and decidedly nontraditional conceptions of religion — from so-called “ex-gay” conversion therapy to the quiet radicalism of Mr. Rogers and the

womanist theology in Beyonce’s *Lemonade* — to reveal the nature and scope of religious practice in contemporary American society.

Contemporary American Religion

Dr. Tammy Heise

Fall 2021

11 to 11:50 a.m.

Monday, Wednesday and Friday
