

Symbolic Logic

Warning - This Course Is Explosive!

If you want to know that and how this really works, take PHIL 3420: Symbolic Logic!

Although we won't derive anybody's phone number, we'll show how statements like the following can be proven:

*I won't live for another two hundred million years.
Therefore, if I live for another two hundred million years, I will die tomorrow.*

Puzzled?

Confused?

You can find relief this fall, every MWF, 11:00 – 11:50, via Zoom.

Your counselor will be Franz-Peter Griesmaier, the guy with the funny Austrian accent.

(Instructions for how to make real Wiener Schnitzel included as a bonus!)
