Hello! The UUSOM is holding a virtual mock interview day with medical students on Saturday, August 14th over Zoom! This is a great opportunity to gain experience with virtual interviews and receive feedback from current medical students who have been through the interview process before. There are 2 sessions: 9am-10:30 am or 1 pm-2:30 pm. There will be 5 MMI stations and a 20-minute one-on-one interview. We will cap each session between 9 to 11 students based on interviewer availability and preference will be given to students applying this admission cycle. Please show up dressed in interview attire and treat this as a real medical school interview!
