#### Object of the Game

- Each team will take its buckets and try to attack other canoes with water until their canoe is sunken, or they are the last one remaining afloat. Teams may also have one shield in their boat to fend off water from entering their boat. In order to move around in the pool, teams must use their hands, buckets, or shields. Up to four canoes can be in the pool at once. Teams will battle in heats and at least the top team in each heat will move on.
- If more than one team is remaining when 20 minutes has expired, both teams will move to the next round. (however, if teams are stalling in order to move on, both teams will be eliminated)

#### Starting the game

- Intramural Staff will survey all canoes for proper equipment and all make sure all safety requirements are met.
