

# How to Read the Class Schedule

**Most provisions in this schedule are subject to change without notice.**

The class schedule is published each semester. It contains the list of courses to be taught in the term as well as information on deadlines and registration procedures. An illustration of the Class Schedule page entries is given below.

**Course Reference Number (CRN) #:** Indicates the number which is used with WyoRecords registration. If an asterisk ( \* ) appears in this column after the CRN, the course is under Controlled Enrollment. You must contact the appropriate academic department to obtain permission to register for the course and for professor/section choice.

**USP:** Indicates which University Studies Program 2003 and/or 2015 requirements the course meets.

**Course #:** Indicates level of material covered: 000-999, no credit; 1000-2999, primarily freshmen and sophomores; 3000-4999, primarily juniors and seniors; 5000-5999, primarily graduate students; 6000-6999, law and pharmacy. Shown in ascending order.

**Sec:** Section number. A course may be taught at more than one time of day. The section number distinguishes separate offerings of the same course. Shown in ascending order.

**Course Title:** Title of course as it will appear on a transcript. For official description, look in the University Catalog under the department which offers the course.

**Cr Hrs: Credit Hours.** The credit a course carries may vary from 1 to 12 or more; usually it will be 2, 3, or 4. An entry such as 1-3 means the course has variable credit and a student may sign up for 1 or 2 or 3 credits (consult with your adviser or the instructor).

**Meeting Times:** If no day or time is listed, this information is to be arranged, consult with the instructor or department.

**Bldg and Room:** Denotes course meeting location
