ECONOMIC DEVELOPMENT

NSF CAREER WORKSHOP

THREE PART SERIES

OCTOBER 22 - 24

3:15 – 5:00 PM

Berry Center Auditorium

PART I: Intellectual Merit & Broader Impacts

Facilitator: Dr. Ken Chong

PART II: Educational Plan, Research Activities & Evaluation Plan

Facilitator: Dr. Ken Chong

PART III: Budget & Budget Justification

Facilitator: ORED Research Service

Professor Ken P. Chong is a Research Professor at George Washington University (GWU) and was the former Director of Mechanics & Materials and Interim Division Director at the NSF for 20 years. Dr. Chong was a Professor of Structures/Mechanics in Engineering at UW from 1974-1988. Dr. Chong has been the principal investigator on over 20 federally funded research projects. He was a member of the NSF CAREER Coordinating Committee representing the Engineering Directorate. Dr. Chong has been conducting the CAREER Workshop for GWU for the last 10 years with excellent success rates.

This series is designed to inform you on the NSF format and review criteria specific to the CAREER program and give you the knowledge, skills, abilities and techniques to strategically format and present your research in a way that is compelling and falls within the sponsors' priority areas.
