2026-2027 Study Abroad Cost of Attendance Review Form

This form should be submitted by students who are financial aid recipients after being accepted into a UWYO affiliated and approved Study Abroad program through UWYO's Educational Abroad office. **Students who would like to have their abroad expenses considered in their COA, should complete this form and attach official documentation from the Program they are attending, containing estimated cost for each expense to be considered.** Your request will not be considered until Student Financial Services receives all required information.

Please note, an increase in your COA may not result in a change to your financial aid award. In most cases, the increase will allow a student or parent to apply for additional loans (i.e. Stafford, Parent PLUS, Graduate PLUS, Alternative/Private) to assist with Program expenses. Also, Student Financial Services will do its best to process your request quickly, please be reminded that **you are responsible for ensuring that you meet all program funding deadlines.**
