Legislative Corner

This month, Staff Senate passed Bill #53, which would allow more staff across campus to participate in Staff Senate.

Bill #53 allows staff members across campus to represent staff outside of their division, both through participating in elections and through being confirmed to interim vacancies. In our previous system, Senators could only represent other staff in their division, and each division had a limited number of seats. This meant that some divisions only had one or two seats on Senate, so if divisions had more than one or two staff members interested in serving on Senate, not every interested staff member could participate.

We hope that with this change, more people with the goal of being involved in Staff Senate will have the opportunity to do so! please refer to the first page for information on nominations and elections, or contact Shelby Kennedy, Credentials & Elections Chair, shelby.kennedy@uwyo.edu

FAQ from Staff Senate meeting:

Will students be able to purchase permits in Gold and Brown zones?

Potentially, yes. Faculty/Staff will get first priority on Gold and Brown zones. Zones that have excess supply may be opened up to commuter students for purchase.

How will waitlists work?

During the sign-up period, faculty/staff can select up to three parking zones based on preference. In early July, faculty/staff will be notified which zone they are able to purchase from.
