

Transform Your Ideas Into Action!

GOALS

Foster critical thinking and creativity.

Connect students with professionals.

Empower student voices and ideas.

Showcase innovative projects for community impact.

Students in grades 7-12 from across Wyoming will pitch meaningful project ideas to leaders of industry business, and community services.

This is your chance to gain real-world experience, make valuable connections, and contribute to your community.

HOW IT WORKS

Real-World Challenges: Teams select authentic problems to solve.

Team Collaboration: Work in groups to brainstorm and develop solutions to real problems.

Pitch Presentations: Up to 15 minutes to present and get feedback.

Spotlight Selection: Three projects will be highlighted for a future summit and receive a microgrant to help fund their project.

 **UNIVERSITY
OF WYOMING** | College of Education

The University of Wyoming is a proud partner in this summit. Through this collaboration, students will benefit from mentorship opportunities, expanded educational pathways, and connections to higher education programs that align with their project goals.

What is the PBL Summit?

On October 7, your team will pitch your project idea at the PBL Summit. This event will serve as the official launch of your project. You will present your idea in a booth-style setting (similar to a job fair), where you will engage with potential mentors, business partners, and community leaders.

The goal is for students to:

- Gain workplace experience
- Learn and apply industry communication standards
- Network with future employers, scholarship donors, and community leaders
- Build your resume and community service hours

Who Can Participate?

Wyoming Students in Grades 7-12

Wyoming School Teachers

Need a Place to Start?

If you do not already have a project in mind, you can still participate! Here are some ideas to ignite your thinking:

- Create a "Welcome to Our Community" publication or video for a local realtor.
- Develop a marketing plan for a local non-profit.
- Write a business plan for a product or service you can run through your school.
- Design and teach a lesson to an elementary class.
- Interview elders in your community and share online.
- Make an interactive presentation or virtual tour for a local museum.
- Redesign a playground for a local park.
- Explore your community and create a plan for a hiking trail or bike path.
- Create a modular storage system for your school lockers.
- Research and develop a plan to locally source food for your school cafeteria.
