Cowboy Credit: Agricultural Business Pathway
2026-2027 University of Wyoming & Northwest College

Cowboy Credit is a planning tool that helps students identify coursework that may align with a UW academic pathway before transferring to the University of Wyoming.

START YOUR PATH

Planning for Agricultural Business or another agriculture-related business pathway at UW?

Start with these commonly transferable courses to build a strong foundation in business, economics, and agricultural systems.

Quantitative & Business Foundations

Take these courses before you transfer:

- College Algebra
- Business Calculus
- Statistics
- Principles of Accounting

These courses support analytical decision-making and business planning across agricultural industries.

Agricultural Economics Foundations

Build your understanding of agricultural markets and business systems through:

- Macroeconomics
- Microeconomics
- Agricultural Economics coursework
- Agribusiness foundations

Agricultural & Applied Science Foundations

Additional coursework that may support agricultural business pathways:

- General Biology
- Chemistry
- Soil Science
- Animal Science

Professional Readiness

Agricultural business pathways combine business, economics, communication, technology, and applied agricultural science to prepare students for careers across agricultural industries and supply chains.

Pathway Flexibility

Many courses in this pathway may apply toward multiple agricultural business-related majors including Agribusiness Management, Farm & Ranch Management, Livestock Business Management, other agriculture and applied economics pathways. Course expectations and science requirements may vary by emphasis area.

General Education

An additional course to stay on track:

- English Composition
- Public Speaking

Every student's path is unique. You don't need to complete all of these courses before transferring—this guide helps you start building a strong foundation, and our team will work with you to make the most of your previous coursework, including AP, IB, CLEP, dual enrollment, and transfer credit.

THE WORLD NEEDS MORE COWBOYS.
