Cowboy Credit: Environment & Natural Resource Pathway
2026-2027 University of Wyoming & Casper College

Cowboy Credit is a planning tool that helps students identify coursework that may align with a UW academic pathway before transferring to the University of Wyoming.

START YOUR PATH
Planning for Environment & Natural Resources at UW?
Start with these courses to build your UW-TAG and explore how your interests in environment, policy, and sustainability can align with UW's Environment & Natural Resources program.

Foundational Themes
Environment & Sustainability:

- Environmental science
- Natural Resources
- Earth Systems

Policy & Society:

- Government / political science
- Sociology / human geography
- Environmental Policy

These courses reflect the interdisciplinary structure of UW's Environment & Natural Resources program, combining business, environmental, and recreation-focused study.

Quantitative Foundations
Build your math and analytical skills early:

- College Algebra (or higher)
- Statistics

These courses support data analysis, systems thinking, and decision-making in environmental and natural resource fields.

General Education
Strong communication skills are essential for policy, collaboration, and environmental decision-making.

- English Composition
- American & Wyoming government

Every student's path is unique. You don't need to complete all of these courses before transferring—this guide helps you start building a strong foundation, and our team will work with you to make the most of your previous coursework, including AP, IB, CLEP, dual enrollment, and transfer credit.

THE WORLD NEEDS MORE COWBOYS.
