

# **ARTICULATION AGREEMENT BETWEEN CASPER COLLEGE AND UNIVERSITY OF WYOMING**

## **OVERVIEW:**

This formal program articulation agreement is made and entered into by Casper College, hereinafter referred to as CC, and University of Wyoming, hereinafter referred to as UW. By this agreement CC and UW express a shared commitment to increasing opportunities for student access to and success in higher education.

## **PURPOSE:**

This agreement provides students who have completed the **Associate of Business** degree with articulated coursework the opportunity to complete a **Bachelor of Science in Business Administration (online), Business Economics, Finance, Management, or Marketing** degree at UW. Any CC student who has earned an Associate of Business degree with coursework that adheres to the guidelines within this agreement is guaranteed that UW will accept designated major related credits and that all general education credits will apply to the Bachelor of Science degrees in a manner consistent with the treatment of native UW students and given junior status in the major.

## **CONDITIONS OF TRANSFER:**

### **Section I: Admissions and Matriculation**

CC students maintaining continuous enrollment under this agreement will be afforded the same treatment and protection as native UW School of Business students enrolled under a specific catalog.

Criteria for acceptance into UW School of Business will be consistent with the criteria outlined in the institutional articulation agreement between CC and UW.

CC, upon request of students, will provide verification of completed courses to UW through its Office of Registration and Records.

Transfer students from CC will have access to financial aid, scholarships, and student services on the same basis as native students.

UW will apply the same academic progress and graduation standards to CC transfer students as those applicable to native UW students.

### **Section II: Program Plan**

While a course-by-course equivalence was used in the development of this plan, this agreement presumes that the general education core requirements at CC meet general education requirements at UW. Students falling under this program articulation agreement will be responsible for successfully completing the additional prescribed requirements.

Free electives		22	34 56

- A minimum of 3 of 22 credit hours must be 3000/4000 level

Transfer students must complete a minimum of 30 upper division credit hours from UW.

**TERMS OF AGREEMENT:**

This agreement is made and entered into in the academic year 2015-2016 and remains in force unless a new articulation agreement is signed by all parties. The agreement is subject to annual review to ensure currency with the respective degree requirements, and may be amended at any time. Should either party desire to discontinue this agreement, advance notification of one year will be required.

**SIGNATURES:**

By the affixing of signatures of the academic officers of both institutions, Casper College and University of Wyoming hereby enter into this program articulation agreement leading from the Associate of Business degree with articulated coursework to the Bachelor of Science in Business Administration (online), Business Economics, Finance, Management, or Marketing.

Successful completion of the 2+2 plan requires that a student remain continuously enrolled and graduate with the associate's degree from his or her respective community college. • If an associate's degree includes transfer credit from another institution, those external credits may not have equivalencies at the University of Wyoming (UW) and can impact the nature of the 2+2 plan. Please consult with an academic advisor. • Be aware that different academic institutions have different grading policies that can impact the transfer of courses. Please consult with an academic advisor. • This is a guide for course work in the major; actual course sequence may vary by student. Please refer to the online student degree evaluation. • Not all courses are offered every semester and some electives may have prerequisites. Students should review the course descriptions in the catalogs of their respective institutions and consult with their academic advisor to plan accordingly. • Academic plans and course schedules may need to be altered if ACT or Math Placement scores require a student to take pre-college courses (e.g., MATH 0900, 0921, or 0925) before taking required math or English courses.

#### Casper College requirements:

In order to graduate, students must successfully complete a minimum of 60 approved credit hours, with 15 of the last 30 semester hours completed as a degree-seeking student at Casper College, and with a grade point average of 2.0 or higher in those courses counted toward graduation. • Students must earn at least 24 of the semester credits applied toward graduation through the completion of Casper College coursework, including at least six (6) hours with the desired major. • Only courses numbered 1000 or above can be used toward the degree.

#### University of Wyoming requirements:

Students must have a minimum cumulative GPA of 2.0 to graduate. • Students must complete 42 hours of upper division (3000-level or above) coursework, 30 of which must be from UW. • Courses must be taken for a letter grade unless offered only for S/U.

**TOTAL CASPER AB DEGREE HOURS 64**

Successful completion of the 2+2 plan requires that a student remain continuously enrolled and graduate with the associate's degree from his or her respective community college. • If an associate's degree includes transfer credit from another institution, those external credits may not have equivalencies at the University of Wyoming (UW) and can impact the nature of the 2+2 plan. Please consult with an academic advisor. • Be aware that different academic institutions have different grading policies that can impact the transfer of courses. Please consult with an academic advisor. • This is a guide for course work in the major; actual course sequence may vary by student. Please refer to the online student degree evaluation. • Not all courses are offered every semester and some electives may have prerequisites. Students should review the course descriptions in the catalogs of their respective institutions and consult with their academic advisor to plan accordingly. • Academic plans and course schedules may need to be altered if ACT or Math Placement scores require a student to take pre-college courses (e.g., MATH 0900, 0921, or 0925) before taking required math or English courses.

### Casper College requirements:

In order to graduate, students must successfully complete a minimum of 60 approved credit hours, with 15 of the last 30 semester hours completed as a degree-seeking student at Casper College, and with a grade point average of 2.0 or higher in those courses counted toward graduation. • Students must earn at least 24 of the semester credits applied toward graduation through the completion of Casper College coursework, including at least six (6) hours with the desired major. • Only courses numbered 1000 or above can be used toward the degree.

### University of Wyoming requirements:

Students must have a minimum cumulative GPA of 2.0 to graduate. • Students must complete 42 hours of upper division (3000-level or above) coursework, 30 of which must be from UW. • Courses must be taken for a letter grade unless offered only for S/U.
