

# **ARTICULATION AGREEMENT FOR BACHELOR OF SCIENCE IN PSYCHOLOGY BETWEEN EASTERN WYOMING COLLEGE AND UNIVERSITY OF WYOMING**

## **OVERVIEW:**

This formal program articulation agreement is made and entered into by Eastern Wyoming College, hereinafter referred to as EWC, and University of Wyoming, hereinafter referred to as UW. By this agreement EWC and UW express a shared commitment to increasing opportunities for student access to and success in higher education.

## **PURPOSE:**

This agreement provides students who have completed the **Associate of Art** degree with articulated coursework in Social Science the opportunity to complete a **Bachelor of Science in Psychology** degree at UW. Any EWC student who has earned an Associate of Art degree with coursework that adheres to the guidelines within this agreement is guaranteed that UW will: 1) apply the relevant general education credits; 2) accept designated major related credits; and 3) give the student UW class standing consistent with the articulated curriculum herein and in a manner consistent with the treatment of native UW students in the Bachelor of Science degree.

## **CONDITIONS OF TRANSFER:**

### **Section I: Admissions and Matriculation**

EWC students maintaining continuous enrollment under this agreement and following the curriculum plan in place under the EWC catalog of record will matriculate to the UW academic program in place for that catalog year. A break in enrollment that is not a summer semester may cause the student to be readmitted under a different catalog year. In that case, this articulation agreement may not remain valid.

Criteria for acceptance into UW College of Arts and Sciences will be consistent with the criteria outlined in the institutional articulation agreement between EWC and UW.

EWC, upon request of students, will provide verification of completed courses to UW through its Office of Registration and Records.

Transfer students from EWC will have access to financial aid, scholarships, and student services on a similar basis as native students.

UW will apply the same academic progress and graduation standards to EWC transfer students as are applicable to native UW students in the same catalog year.

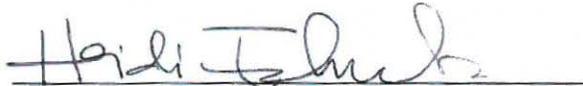

### **Section II: Program Plan**

While a course-by-course equivalence was used in the development of this plan, this agreement presumes that the general education core requirements at EWC meet general education requirements at UW under the statewide block transfer articulation agreement. Students falling under this program articulation agreement will be responsible for successfully completing the additional program core requirements as noted in section below.

## ARTICULATION AGREEMENT SIGNATURE PAGE

In signing this document, all parties agree to honor both the spirit and intent of this program-level articulation of an Associate's degree in Social Science from Eastern Wyoming College with a Bachelor's degree in Psychology from the University of Wyoming. Students who follow the attached curriculum and complete all the agreed-upon requirements will be able to graduate with degrees from both institutions in a timely manner.

This agreement is made and entered into in the academic year 2015-2016 and remains in force unless a new articulation agreement is signed by all parties. The agreement is subject to annual review to assure currency with the respective degree requirements, and may be amended at any time, affecting students from the date of the amendment forward. Should either party desire to discontinue this agreement, advance notification of one year will be required and students enrolled under the Agreement who remain continuously enrolled will be allowed to complete the program as articulated.

Successful completion of the 2+2 plan requires that a student remain continuously enrolled and graduate with the associate's degree from his or her respective community college. • This is a guide for course work in the major; actual course sequence may vary by student. Please refer to the online student degree evaluation. • Not all courses are offered every semester and some electives may have prerequisites. Students should review the course descriptions in the catalogs of their respective institutions and consult with their academic advisor to plan accordingly. • Academic plans and course schedules may need to be altered if ACT or Math Placement scores require a student to take pre-college courses (e.g., MATH 0900, 0921, or 0925) before taking required math or English courses.

#### Eastern Wyoming College requirements:

In order to graduate, students must successfully complete a minimum of 60 credit hours, 15 of which must be applicable towards graduation from Eastern Wyoming College, with a grade point average of 2.0 or better in courses numbered 1000 or higher. • No more than six (6) hours in courses numbered 1490, 1990, 2490, or 2990 will apply toward the degree; in addition, no course offered under the Developmental Studies Department may be applied toward the degree.

#### University of Wyoming requirements:

Students must have a minimum cumulative GPA of 2.0 to graduate. • Students must complete 42 hours of upper division (3000-level or above) coursework, 30 of which must be from the University of Wyoming. • Courses must be taken for a letter grade unless offered only for S/U.

### UW College of Arts and Sciences requirements:

Students must take two "core" courses in addition to UW's University Studies Program requirements: Diversity in the United States (ASD) and Global Awareness (ASG). • No more than 60 hours in the major subject may be used toward the 120 credit hours required for graduation. • At least 30 hours in the major subject must be completed with a grade of C or better (the major may require more).

### UW Psychology Program Notes:

A minimum of 33 hours in psychology are required for majors but the total cannot exceed 60 hours. • Eighteen (18) of these psychology credit hours must be at the 3000-level or above to graduate. Also, the upper division courses must be taken from at least two different members of the psychology department faculty listed in the *UW University Catalog*. • All major courses require a grade of C or better to graduate.

**a** Six (6) hours of **social science courses** from the disciplines of anthropology, communication/journalism, criminal justice, economics, political science, and/or sociology are required for the UW psychology major. ANTH 1200 and SOC 1000 are shown here as examples; other courses may be available. Please discuss with an academic advisor.

**b** **Introductory courses** in all five (5) of the psychology core areas (biological, social, developmental, clinical, and cognitive) are represented in this plan. However, courses in only four (4) of the five (5) areas are needed to meet UW degree requirements.

**c** One (1) approved three to four (3-4) credit hour UW **STEM** course is required from among the following: CHEM 1000, CHEM 1020, COSC 1010, COSC 1100, KIN/ZOO 2040, KIN/ZOO 2041, LIFE 2002, LIFE 2022, LIFE 2023, LIFE 2050, MATH 1050, MATH 1405, MATH 2200, MICR/MOLB 2021, PHYS 1050, PHYS 1110, STAT 2000, STAT 3050, or ZOO 3600.

**d** One of the following **restricted enrollment** (seminar or writing intensive) courses is required for psychology majors:

PSYC 4060	History and Systems	PSYC 4380	Death and Dying
PSYC 4150	Cognitive Development	PSYC 4390	Personality Science
PSYC 4220	Psychopharmacology	PSYC 4440	Principles of Psychological Testing
PSYC 4250	Psychological Aspects of Chronic Illness	PSYC 4740	Advanced Social Psychology
PSYC 4320	Intellectual Disability	PSYC 4860	Seminar
PSYC 4350	Psychology of Adulthood
