

**ARTICULATION AGREEMENT FOR  
BACHELOR OF SCIENCE IN PSYCHOLOGY  
BETWEEN WESTERN WYOMING COMMUNITY COLLEGE  
AND UNIVERSITY OF WYOMING**

**OVERVIEW:**

This formal program articulation agreement is made and entered into by Western Wyoming Community College, hereinafter referred to as WWCC, and University of Wyoming, hereinafter referred to as UW. By this agreement WWCC and UW express a shared commitment to increasing opportunities for student access to and success in higher education.

**PURPOSE:**

This agreement provides students who have completed the **Associate of Art** degree with articulated coursework in Psychology the opportunity to complete a **Bachelor of Science in Psychology** degree at UW. Any WWCC student who has earned an Associate of Art degree with coursework that adheres to the guidelines within this agreement is guaranteed that UW will: 1) apply the relevant general education credits; 2) accept designated major related credits; and 3) give the student UW class standing consistent with the articulated curriculum herein and in a manner consistent with the treatment of native UW students in the Bachelor of Science degree.

**CONDITIONS OF TRANSFER:**

**Section I: Admissions and Matriculation**

WWCC students maintaining continuous enrollment under this agreement and following the curriculum plan in place under the WWCC catalog of record will matriculate to the UW academic program in place for that catalog year. A break in enrollment that is not a summer semester may cause the student to be readmitted under a different catalog year. In that case, this articulation agreement may not remain valid.

Criteria for acceptance into UW College of Arts and Sciences will be consistent with the criteria outlined in the institutional articulation agreement between WWCC and UW.

WWCC, upon request of students, will provide verification of completed courses to UW through its Office of Registration and Records.

Transfer students from WWCC will have access to financial aid, scholarships, and student services on a similar basis as native students.

UW will apply the same academic progress and graduation standards to WWCC transfer students as are applicable to native UW students in the same catalog year.

**Section II: Program Plan**

While a course-by-course equivalence was used in the development of this plan, this agreement presumes that the general education core requirements at WWCC meet general education requirements at UW under the statewide block transfer articulation agreement. Students falling under this program articulation agreement will be responsible for successfully completing the additional program core requirements as noted in section below.

**ARTICULATION AGREEMENT SIGNATURE PAGE**

In signing this document, all parties agree to honor both the spirit and intent of this program-level articulation of an Associate's degree in Psychology from Western Wyoming Community College with a Bachelor's degree in Psychology from the University of Wyoming. Students who follow the attached curriculum and complete all the agreed-upon requirements will be able to graduate with degrees from both institutions in a timely manner.

This agreement is made and entered into in the academic year 2015-2016 and remains in force unless a new articulation agreement is signed by all parties. The agreement is subject to annual review to assure currency with the respective degree requirements, and may be amended at any time, affecting students from the date of the amendment forward. Should either party desire to discontinue this agreement, advance notification of one year will be required and students enrolled under the Agreement who remain continuously enrolled will be allowed to complete the program as articulated.
