## **I. THE BOARD OF TRUSTEES POLICY**

The policies outlined in this document apply to the 2019 fiscal year. All prior approvals of fees, charges, and deposits are repealed effective July 1, 2018 except as to rights or obligations previously acquired or incurred there under.

The fees, charges, fines, penalties, refunds, and deposits are subject to change without notice.

Publication of fees, charges, refunds, and deposits in the University of Wyoming Fee Book is required prior to charging fees. Exceptions may be granted by the Vice President for Administration.

### **Authority**

The Trustees of the University of Wyoming, a constitutional body, are responsible for the "management of the university" (Wyoming Constitution, Article 7, 17). The Trustees "possess all the powers necessary or convenient to accomplish the objects and perform the duties prescribed by law and shall have custody of the books, records, buildings and all other property of the university" (W.S. 21-17-203). The Trustees may "(e)xpend the income placed under their control from whatever source derived, and exercise all other functions properly belonging to such a board and necessary to the prosperity of the university and all its departments" (W.S. 21-17-204).

Section 2 of Chapter VIII (STUDENTS) of the Regulations of the Trustees stipulates that "All student fees, charges, refunds, and deposits shall be fixed by resolution of the Trustees and shall be published in the appropriate university publications."

Therefore, pursuant to constitutional and statutory provisions, the Trustees are responsible for the establishment of all fees, charges, and deposits assessed, and refunds afforded to individuals applying for admission to the university, enrolled students, university employees, and the general public. Such fees shall be reasonable and prudent for the adequate protection and control of university funds, equipment, facilities services and materials.

### **Financial Assistance**

Financial assistance received by students through the Office of Student Financial Aid will be applied to assessed tuition and mandatory fees then to other university assessed fees and charges, prior to distribution to the student. If the student receives federal financial aid they may (in writing) limit the use of financial aid to only tuition payments, mandatory fees and university housing charges.

### **Failure to Pay Fees, Charges, Fines, Penalties**

A student failing to pay fees, charges, fines, penalties, or deposits as prescribed by the Trustees of the University of Wyoming shall be denied registration at the university or copies of transcripts until such fees, charges, fines, penalties, or deposits are paid in full. A non-student failing to pay fees, charges, fines, penalties, or deposits as prescribed by the Trustees of the University of Wyoming shall be denied use of University facilities and services until such fees, charges, fines, penalties, or deposits are paid in full. Procedures for adjudication of disputes over payment of fees, charges, fines, penalties, or deposits shall be prescribed by the Vice President for Administration.

### **Student Loans and Scholarships**

Interest rates for 1) loan funds established by the University of Wyoming; and 2) loan funds established by the State of Wyoming without statutory interest rates shall be established at six percent (6%) annual percentage rate with a two percent (2%) annual percentage rate penalty for loan default.

Loans from loan funds established by trust agreement, will or similar instrument with no stipulated interest rate shall not accrue interest, but will carry a Loan Advance fee of two percent (2%) of the loan amount.

Interest rates for the Medical School Student Loan Program and Family Practice Residency Loan Program shall be consistent with Trustee actions on student loan interest rates prescribed by the Trustees on July 9, 1985 and November 9, 1985.

The interest rate for the Medical Student Contract Support Program shall be consistent with the actions of the 1993 (52<sup>nd</sup>) General Session of the State of Wyoming Legislature (Wyoming Statute, Chapter 203).

The interest rate for the Superior Student in Education Loan Program shall be consistent with Trustee action on student loan interest rates (April 11, 1985) and established at six percent (6%) annual percentage rate with a two percent (2%) annual percentage rate penalty for loan default.

### **Fees, Charges, and Deposits, Student Media**

The Trustees delegate the authority for the establishment of advertising, subscription and related rates or charges for student media, including the Branding Iron, Frontiers Magazine, and Owen Wister Review, to the Student Media Board. Rates or charges established by the Student Media Board shall be filed annually with the Office of the Vice President for Administration and published in the Fee Book.

### **Internal Fees, Charges, and Deposits**

The Vice President for Administration, with approval by the Trustees, is authorized to establish fees, charges, or deposits for interdepartmental purposes. In no case shall the assessment of such fee, charge, or deposit exceed the direct cost plus reasonable administrative overhead.

### **Facility Rental Fees**

Non-university users of campus facilities will be assessed a 10 percent surcharge on rental fees. Any surcharge will be deposited into a separate account earmarked for maintenance, and under the control of the Director of Physical Plant. For self-sustaining facilities rented to external users, surcharges will be deposited to an account similarly designated.

The following rental fee structure will be used:

- Classification I – Qualifying groups and activities include UW recognized student clubs and organizations, faculty or staff work-related meetings, or fund-raising activities or other activities not involving commercial entities. Non-profit organizations and Wyoming state agencies sponsored by a recognized student organization or UW department, with participants who are primarily students, faculty and staff qualify under this category.
- Classification II – Qualifying groups and activities include University departments, recognized student clubs and organizations co-sponsoring events with commercial entities or events where admission is charged. Non-profit organizations and Wyoming state agencies, not primarily involving students, faculty and staff and regional or national student or department educational conferences qualify under this category.
- Classification III – Commercial off-campus groups.

### **Other Provisions**

The purpose of this policy is to allow University departments to recover direct costs, and reasonable indirect costs, for use of University facilities, equipment, services or materials as set forth in the following paragraph.

The Trustees' authority to establish fees is delegated to the Vice President for Administration to set casual food service rates in the University food service operations, resale of items in the University Bookstore,

various telecommunication rates, and other resale activities. Fees will not be authorized for items nor shall this provision be construed, in any way, to avoid the Trustees' authority to establish fees.

### **Employee Tuition and Fee Waiver**

Benefitted employees who are employed on at least a half time basis may enroll for one course up to six (6) semester hours of University enrollment in college credit courses (including Outreach courses) during each regular semester and summer semester with no cost for tuition and mandatory fees to the employee.

- Mandatory fees are not refundable.**
- Tuition and course fees, other than mandatory fees, will be refunded, in accordance with the Institutional Refund Policy, to students who formally withdraw from the University or drop all classes after registration and the payment of tuition and fees. Charges will be canceled in accordance with the schedule for those students who withdraw before completing payment.

### Federal Return of Funds Policy

A student who receives federal financial aid (other than Federal Work Study pay checks) and chooses to complete less than 60% of an academic term is considered not to have earned all the federal aid s/he has been awarded.

- If aid already disbursed is equal to earned aid, no further action is required.
- If aid already disbursed is less than earned aid, additional aid may be offered to the student after s/he withdraws.
- If aid already disbursed is greater than earned aid, UW and/or the student must return some federal funds.

To determine whether federal funds have been earned or must be returned, UW will follow this procedure:

Step 1: **Determine the percentage of the term the student completed.** This is calculated by dividing the number of calendar days (including weekends) in a term into the number of calendar days that the student was in attendance for that term.

Step 2: **Apply the percentage of time attended to the total amount of federal aid the student was eligible to receive for the term.** This is the student's "earned aid."

Step 3: **Subtract the amount of earned aid from the amount of aid actually disbursed to the student.** A positive remainder is the student's "unearned aid." A negative remainder is the student's "earned aid" that may still be offered to the student.

Step 4: **Determine the amount of unearned aid that must be repaid by UW.** Multiply the institutional charges by the percentage of unearned aid, and compare this figure to the total unearned aid. UW will repay the lesser amount.

Step 5: **Determine the amount of unearned aid remaining that must be repaid by the student.** Subtract the amount of unearned aid repaid by the institution from the total amount of unearned aid.

All unearned aid will be returned to the federal student loan lender or federal aid accounts in the following order:

- Unsubsidized Stafford Loan
- Subsidized Stafford Loan
- Federal Perkins Loan
- Federal PLUS (Parent) Loan
- Federal Pell Grant
- Federal SEOG Grant
- LEAP Grant

Any amount owed by the student on a grant will be reduced by 50%.

The date of a student's withdrawal from UW will be the date of the student's notification to the **Dean of Students** of intent to withdraw. When a student fails to officially withdraw from UW, we will assume the withdrawal date to be the midpoint of the semester or the last date of documented academic activity.

UW will repay the lesser of (1) the total amount of unearned aid, or (2) an amount equal to the student's institutional charges multiplied by the percentage of unearned aid. "Institutional charges" is defined as charges for tuition and fees, plus room and board charges for students living in UW residence halls and apartments. It does not include such charges as bookstore charges, student medical insurance premiums, parking citations, or library fines.

The amount of unearned aid owed by the student on a loan may be repaid under the normal repayment terms of the loan. The amount of unearned aid owed by the student on a grant must be repaid immediately.

Any amount of earned aid not yet disbursed to the student will be offered to the student. Such offers will cover any undisbursed grants first, followed by undisbursed loans.

Examples of how we calculate the amount of unearned federal aid a student must return are available from a professional adviser in the **Office of Student Financial Aid**. A chart detailing the percentage of earned and unearned aid, by calendar day of the semester, is published in the on-line *Class Schedule* for each semester. In brief, to determine the percentage of earned federal aid, the calculation will use the total number of calendar days in the term divided by the total number of calendar days the student attended.

### **Interaction of Federal Return of Funds Policy and Institutional Refund Policy**

When a student who receives federal financial aid withdraws from the university, s/he may owe a repayment of federal funds and/or be due a refund from UW or owe an additional amount to UW.

The Federal Return of Funds policy will be applied before any refund due under the UW policy is disbursed. For details on the application of these policies to a specific situation, please consult with the Accounts Receivable Office, 250 Knight Hall, phone (307) 766-6232.

#### **Outreach School Credit Programs- Course Tuition and Fees**

The tuition policy of the Trustees for the 2019 fiscal year for credit courses delivered at a distance includes the following:

- 1) Outreach tuition and delivery fees are established to support the costs of instruction in a UW credit course delivered outside the UW-Laramie campus, excluding laboratory and special course fees authorized by the Trustees and defined in Section I of this Fee Book.
- 2) The Outreach School delivers two types of degree and academic certificate programs – core programs and entrepreneurial programs.
  - Tuition for entrepreneurial programs is set at a rate to allow these programs to be self-supporting.
  - Tuition for core programs is indexed to regular UW tuition rates.
  - Tuition increases for resident students enrolled in UW classes delivered through the Outreach School will increase beginning Fall 2012 according to the general institutional tuition increases approved by the UW Board of Trustees for all UW resident students.

However, beginning Fall 2013 and continuing through Academic Year 2018-2019, non-resident students enrolled in classes delivered by the UW Outreach School will pay an increasing percentage of tuition until the tuition reaches the tuition rate approved by the UW Board of Trustees for all UW non-resident students.
- 3) Delivery fees are payable depending upon the type of course delivery and as outlined below.
- 4) Laboratory and special course fees for courses offered through the Outreach School will be charged in addition to tuition as approved in this Fee Book and credited to the appropriate Outreach School or other university account.
- 5) Any financial assistance received by students through the Office of Student Financial Aid will be applied to assessed tuition first and to all other University assessed fees charges and deposits second—prior to distribution to the student.
- 6) Any student enrolled in UW Outreach credit courses (either through UW-Casper or Outreach Credit Programs), excluding those delivered by correspondence study, will be eligible to participate in the Optional Student Fee Package program.

## Mandatory Fees, Summer 2019

Mandatory fees assessed during the 2019 Summer Session will be assessed based on whether the student is enrolled in any classes delivered on the Laramie campus or only classes delivered by the Outreach School. Mandatory fees will be assessed each student registered in one or more courses delivered on the Laramie campus during the 2019 Summer Session. Mandatory fees will not be assessed if a student is only enrolled in classes delivered by the Outreach School but Outreach School delivery fees will be assessed. Fees are to be paid with tuition and will be assessed as follows:

For students enrolled in one or more Laramie campus classes (and applied to **total** enrollment):

- **ASUW:** The fee supports the Associated Students of the University of Wyoming operations and programs.
- **Consolidated Student Services:** The fee supports (AWARE) Alcohol Wellness Alternatives, Research, and Education; Counseling Center, Fraternity and Sorority Life; Multicultural Affairs, recreation facilities and programs; student activities, leadership, and service programs; Student Conduct and investigations; Student Health Service; Student Welfare Programs; University Disability Support Services; Wellness Center operations and programs; and Wyoming Union operations, and repairs.
- **Music/Theater**
- **Recycling:** The fee supports the Wyoming recycling program.
- **Student Media:** The fee supports the Branding Iron, Owen Wister Review, Frontiers magazine and other student publications.
- **Student Success:** The income is specified for the support of ECTL, STEP Student Success, Libraries support for learning commons/ student success sandbox, UW Art Museum active, experiential and interdisciplinary learning opportunities, Student advising coordination, Center for Advising and Career Services training, certification and development.

Summer session students who are enrolled and pay the Consolidated Student Services Fee have access to Campus Recreation and Student Health for the entire summer.

Students enrolled for the spring semester and pre-registered for the fall semester, but not enrolling during the summer session, will be eligible to purchase summer access to Student Health and/or Recreation by paying the mandatory fees assessed for the summer term.

### Winter Break – Course Tuition and Fees

- During the Winter Break, courses will be delivered through the Outreach School.
- Tuition is established to support the costs of delivering Winter Session courses and does not include study abroad fees, special course fees, or delivery fees.
- Additional expenses to cover travel and other expenses will vary by course and will be assessed.
- Payment of tuition, fees, and additional expenses is due at the beginning of the fall semester preceding the Winter Session in which the student will be participating.

### Outside Agency Sponsored Course and Continuous Registration Course Registration Fee

Courses offered for University credit but for which the University incurs no instructional or delivery costs will be assessed a registration fee to cover administrative costs. These courses include:

- Courses offered for professional development and taught by non-UW employees, in which the content and instructors have received approval by appropriate University departments.
- Continuous Registration courses required of graduate students for the sole purpose of maintaining their degree candidacy when they are taking no other credits.
- Courses offered in partnership with the National Outdoor Leadership School (NOLS), and the University of Wyoming International Studies Peace Corps Option for University of Wyoming academic credit.

Not included are courses (other than Continuous Registration) in which the instructors are UW employees, regardless of the sources of remuneration for the instruction. Exceptions are possible only in

cases where there is a compelling rationale, such as external funding that (a) is sufficient to cover the instructors' salary and benefits and (b) explicitly requires the delivery of credit-bearing curriculum for an administrative fee. Authorization for such exceptions is not automatic, and it requires prior written approval by the Provost and Vice President for Academic Affairs.

Please note that scholarships, grants, and financial aid cannot be applied to deposits.
- Deposits will be held by the University for the entire period of residence. Upon fulfilling the contract, the full deposit amount will be credited to the students banner account. The deposit will be applied toward the payment of any university obligations before any is returned to the student.

## CONTRACT CANCELLATION AND DEPOSIT REFUNDS

### Contract Cancellation

All cancellations must be in writing. Deposits will be refunded based on the receipt of your written contract cancellation request in the Residence Life & Dining Services office and per the refund policy.

### Deposit Refunds

- If written cancellation of the contract is received before May 1 2018, then 100% of the deposit will be refunded to the student's account.
- No deposit refund will be granted on or after May 1, 2018 unless the full terms of the contract are fulfilled.
- For spring semester only contracts, if written cancellation of the contract is received before January 2, 2019, then 100% of the deposit will be refunded to the student's account.
- Any exceptions to this policy must be approved by the Executive Director of Residence Life & Dining Services & Wyoming Union or his/her designated administrator. The entire deposit is forfeited in the event you are evicted from the residence halls or dining services for disciplinary or financial reasons.

**Payment Plans:** Students entering into a contract with the Department of Residence Life & Dining Services will make payments defined by UW's Institutional payment plan. If there are any questions regarding this plan please contact UW's Accounts Receivable Office.

The room charge includes a social fee, water, electricity, satellite cable television service, computer lab access and internet in the student rooms, which enables the student to connect to the University's computer network.

**Semester Break Housing:** The Residence Life & Dining Services Contract does not include housing between semesters. This lodging is contracted and charged on a per-night basis.

**Contract Termination:** In the event that a student is not officially released from his/her contract or is released for behavioral reasons; the student may be held responsible for up to 100% of the room and meal plan charges for the contract period remaining after the student moves from the premises. The entire deposit is forfeited in the event the student terminates the contract.

**Lost or Damaged Property:** Lost or damaged University property may be billed to the resident at the current cost of replacement or repair. This includes unauthorized moving of University property.

**Responsibilities and Rights Violations:** Residents found in violation of the “Responsibilities and Rights for Residence Halls & Dining Services” may be assessed a penalty of up to \$100 for each violation, plus any actual damage or replacement costs. These violations include the unauthorized moving and/or modification of University property, violation of the pet policy, and violation of the fire safety policy. In lieu of, or in addition to, any penalty fee, the resident may be required to perform community service hours as a condition of the sanction.

The resident shall be charged for any costs incurred by moving or removing property from premises. Abandoned items will be subject to UW disposal procedures. Materials of personal, biological, or environmentally hazardous nature may be disposed of immediately pursuant to W.S. 1-21-1210. Wyoming Union Outside Catering – FY 2019

<b>Attendance-per person</b>	<b>Catering Access – per space, per day</b>	<b>Staging space – per day</b>	<b>Equip. &amp; Kitchen Use, per day</b>
0-25	\$25	\$10	\$10
26-50	\$50	\$25	\$25
51-100	\$75	\$35	\$35
101+	\$100	\$50	\$50

The above table was created to more accurately reflect the services requested by off-campus caterers utilizing the Wyoming Union kitchen, kitchen equipment and/or surrounding staging spaces. Charges will be based upon the level of preparation space or equipment needed to cater an event (drop-off food service, versus multi-course meal preparation and service of food) and the number of people to whom service is provided.

**Attendance:** Price breaks occur naturally at the 25, 50, and 100 person mark, based upon existing reservable space and its relative room capacities within the Wyoming Union.

**Catering Access:** Catering access is the allowance of an approved caterer to provide food services for an event hosted within the Wyoming Union. Catering access fees will be applied on a per space, per day basis.

**Staging Space:** Staging space is a cleared area required to prepare foods for a catered event, i.e., tables in place for plating food, “back of the house” access, buffet tables set up in a conference room, etc. Staging space fees will be applied on a per day basis.

**Equipment and Kitchen Use:** Equipment and kitchen use fees will be applied if the off-campus caterer uses any Union kitchen equipment – dishwasher, food warmers, ovens, walk-in cooler and freezer, counter space, cleaning equipment etc.

## VII. MISCELLANEOUS FEES, CHARGES, AND DEPOSITS

<b>Fees, Charges, and Deposits (methodology)</b> <b>The UW Family Medicine Residency Programs in Casper and Cheyenne</b> maintain a formal fee schedule for physician services based on a resource-based relative value scale. A relative value guide correlates the difficulty of performing a certain procedure and the time required and assigns a unit value to the procedure. There are over 7,000 procedures listed in the RBRVS (resource-based relative value scale) and each procedure has a unique code associated with it as well as a unit value. The fee charged for the procedure is obtained by multiplying the unit value by a conversion factor. Conversion factors used at the Family Practice Centers are updated periodically by reviewing the reimbursement received from major insurance companies and are reviewed annually by the Dean of the College of Health Sciences. Conversion factors currently in use are on file at each program and in the Office of the Dean. The University of Wyoming Family Practice Residency Programs accept new patients regardless of their ability to pay for services. Our policy is to bill all patients for services provided and to request payment at the time of service. At the Family Practice Center in Cheyenne, all medical laboratory charges are billed by Cheyenne Regional Medical Center. Charges for these services are not eligible for discounts offered by our facility.		
<b>Financial Discounts</b> apply to patients with special financial needs. Occasionally, patients have legitimate financial problems. Patients expressing hardship must be referred to the Business Office for each program where financial arrangements or discounts can be determined. There are two discount options: <u>Hardship Discount</u> applies to patients with serious illnesses who are unable to work and have no other sources of income and patients who are now deceased and their accounts are uncollectible. If, after insurance payment, there is an outstanding balance, the Medical Director may elect to write off the remaining balance. <u>Sliding Fee Scale Discount</u> applies to families that are "total family private pay" which may qualify them for a sliding fee scale or a co-pay. Special exceptions to the total family private pay rule will be considered for families with insured children on a case-by-case basis by the program director or designee. The per visit co-pay will apply to those who do not meet 100% of the Federal Poverty level standard. The co-pay for procedures and OB visits for those below 100% of the FPL will be addressed on a case-by-case basis. The sliding fee percentages are based on annual gross family income and size. Payments are expected every thirty (30) days.

**Wyoming State Veterinary Laboratory Fee Schedule See Attachment A**

## **Fee Schedule and General Policies**

### **Effective September 1, 2015**

## General Policies

The mission of the Wyoming State Veterinary Laboratory is to provide accessible, timely, accountable, and accurate diagnostic services, animal disease research, and education to veterinarians, students, others interested in animal health, and the people of Wyoming.

The Wyoming State Veterinary Laboratory is a fully accredited laboratory committed to the maintenance of a quality assurance program that ensures that all procedures and documentation are in compliance with the quality standards of the American Association of Veterinary Laboratory Diagnosticians (AAVLD).

### 1. Confidentiality

Accessions submitted to the WSVL, including carcasses, tissues and agents isolated from samples, become the property of the WSVL unless other arrangements are made with the laboratory director prior to submission or a current and jointly signed memorandum of understanding between the Laboratory and the submitter or submitting agency/institution is in effect.

Laboratory results are joint property of the WSVL and the submitter (or submitting agency/institution) that paid for the diagnostic testing. Laboratory results **will not** be shared with third parties except in the following circumstances:

- a. There is a legal requirement to do so.
- b. Cases involving state or federal reportable animal diseases.
- c. It is in the best interests of animal or human health to do so. This will be decided on a case-by case basis by the laboratory director or, in her/his absence, by the acting director.

As required by statute, the laboratory will periodically release summary data of animal disease patterns and trends, and share this information with the Wyoming Livestock Board, Wyoming Department of Health, Wyoming Game and Fish Department, other pertinent state agencies, clients of the laboratory, and the public through scientific and general purpose articles, newsletters, press releases and annual reports.

### 2. Contact Information

Wyoming State Veterinary Laboratory

### 3. Operating Hours

The WSVL is staffed and open Monday through Friday during the following hours:

September – April: 8:00 am – 5:00 pm

May – August: 7:30 am – 4:30 pm

Mail is received on Saturdays and samples processed but walk in sample submission is not available except by arrangement.

### 4. Sample Submission

#### *Accession Forms*

All submissions for diagnostic testing at the WSVL **MUST** be accompanied by an appropriate accession form. Appropriate accession forms include the WSVL accession form (for most diagnostic samples), federal EIA (Coggins) or Brucellosis forms or third party Coggins forms (Global Vet Link) or state Trichomoniasis test forms as appropriate. Forms should be filled out as completely as possible to obtain the most efficient and timely results possible. Federal forms must be signed by an accredited veterinarian. Submission of incomplete or unsigned accession forms may result in delayed testing until complete documents are received by WSVL.

#### *Packing*

We recommend you use Whirl-pak bags as primary packaging, as they are the least likely to leak in transit. **Do not use zip-lock bags as primary packaging.**

Place specimen in Whirl-pak, add formalin if needed, and collapse the bag to expel air. Hold the yellow tabs of the Whirl-pak, whirl the bag four or more times, and fold the tabs. Bag fresh tissues separately from fixed tissues. Do not fill Whirl-paks more than half full with formalin (fixed tissues should be in a 10:1 ratio of formalin to tissue). Ensure each bag is labeled with owner's, clinic's, or veterinarian's name and type of sample.

If more than one surgical sample is removed from an animal, bag and label each separately.

If you have multiple samples from individual animals, group them in biohazard bags provided along with our shipping cartons. If you prefer, you can also use large zip-lock bags as secondary packaging. This policy serves two purposes: it allows us to quickly find ALL samples from individual cases, and it minimizes the risk of leaks spreading and contaminating other specimens from other cases in the same box. We recommend you put fresh and fixed tissues in separate secondary packaging.

**No matter what you ship, always double bag it.**

### *Shipping Samples*

The shipping carton must be insulated and protected by an outer fiberboard box. WSVL shipping cartons have Styrofoam inner packs with lids, which helps keep samples cool in the summer and protects them from freezing in the winter.

Fill any extra space with newspaper or paper towels to absorb leaks, protect from damage in transit, and provide insulation. **DO NOT USE PACKING PEANUTS** – they do not absorb leaks, will create a mess when wet, and may lead to loss of smaller specimens in the box.

Add frozen ice packs to the TOP of the package, as cold air will settle to protect samples. Please consider the time of year and length of transit time when deciding how many ice packs to use. Place a layer of newspaper or paper towels between ice packs and the top of the box to absorb moisture coming off ice packs during shipment.

**Do not use ice-filled zip-lock bags as ice packs.**

Place the lid on the carton and tape shut on two sides only. Place paperwork in a Whirl-pak to protect from any leaks and place between the insulated container and fiberboard box.

### *Shipping Carcasses*

Please do not ship carcasses weighing more than 10 kg (22 lb) unless special circumstances are involved, such as an anesthetic death, malicious poisoning, or litigation. Large carcasses (> 10 kg) quickly deplete the ice supply and will rot in transit. If you need to send a large carcass, contact the WSVL necropsy technician or one of our pathologists in advance – we will advise you as to whether you should send the carcass or do a tissue collection at your clinic. If the problem is not related to the limbs, you can reduce shipping costs by cutting off thoracic and pelvic limbs and shipping only the trunk, neck, and head.

If you are dealing with a major disease problem, the best way to get reliable information is for you or your client to drive to the lab with one or more fresh and unopened carcasses for a complete necropsy. The carcasses should be representative of the problem and ideally in the early stages of the disease. This is also the most cost-effective way to gather data for your client.

### *Mailing*

Avoid shipping specimens over the weekend. Refrigerate (DO NOT FREEZE) specimens until Monday if necessary. One- to two-day shipping methods are ideal. We can assist with packaging needs by providing Whirl-paks, formalin containers, forms, and shipping information. Please call the necropsy department (307-766-9919) at the WSVL.

Ensure before shipping specimens that they are packaged to meet requirements of the shipper and applicable state or federal laws.

## **5. Receiving Results**

Up to the minute results may be accessed via our webpage, under Client Services (<http://www.uwyo.edu/wyovet/client-services/>). Results can also be emailed, mailed or faxed to the submitter – please make us aware of your preference by calling (307-766-9925) or emailing us (vetrec@uwyo.edu). If you would prefer not to receive hard copies of results (web or email only), please let us know and we will note that in your account.

## **6. Payment**

The person/practice/agency requesting services will be billed and will receive all diagnostic reports with no exceptions. Payments may be made by cash, check, electronic funds transfer (EFT) or credit card, and are due 30 days after receipt of the statement.

The maximum test fee (\$150) applies to single animal diagnostic submissions and includes all tests performed in-house. The maximum fee does not apply to tests referred to other laboratories or testing assessed an hourly fee, i.e. legal, forensic and insurance cases. The laboratory will contact the submitter if hourly fees may apply. The maximum test fee does not apply to accessions submitted by federal governmental agencies or state/local governmental agencies outside of the state of Wyoming. Additional animals related to the same submission may be accepted for an additional \$60 each at the discretion of the WSVL. The maximum fee for additional submissions applies to each additional animal submitted at the same time and from the same owner as part of the same problem. Not all testing may be done on each animal at the discretion of WSVL.

Professional services rendered for forensic, insurance, and other legal claims will be charged at the rate of \$150 per hour in addition to other laboratory charges. These services include telephone and other consultations, site visits, document preparation, and legal testimony.

Services will not be provided to clients with accounts that are greater than 90 days past due.

Individual test fees may change prior to publication of a new fee schedule as a result of significant changes in costs for supplies, reagents and/or diagnostic kits.
