

UW Trustees - UWAA Report

January 2025

Reporting Line

Effective January 1, 2025, UW moved the association's reporting line from the Vice President of Student Affairs to the University President.

UWAA Team - Amy Morgan

Just before the holidays we filled our open Office Associate position with an internal direct hire, Amy Morgan. Amy has worked for UWAA for almost 10 years including filling the office associate position part time before it was established into a full-time position. Amy has 40 years of professional experience, roughly half of it in alumni relations. In addition to the office associate responsibilities, Amy will continue to run point for our awards, scholarship and student writing projects.

UWAA Board - Kent Noble

In December the board welcomed Kent Noble as its newest director. Kent is a 1982 graduate of UW. He's also the Daniels Fund Ethics Initiative Collegiate Program Professor of Ethics at the University of Wyoming. Kent is filling an At-Large position.

Engagement Report

The UWAA team ended 2024 with 16 launched regional and affinity networks made up of approximately 1,600 alumni. With networks from Phoenix to Calgary and ASUW to Cowboy Country Swing Club, we look forward to continuing to grow current networks and cultivate additional networks.

In addition to the networks launched, the team has hosted about 60 events so far in this fiscal year including the largest attended Nationwide Watch Party to date for the 2024 Border War as well as an international Steamboat Social event in Berlin, Germany.

One of the most recent and exciting events included coverage of the Western Thunder Marching Band at the Rose Parade. The team hosted a Steamboat Social on New Years Eve and followed the band throughout the entirety of the trip capturing their practice sessions, Battle of the Bands performance and of course their march in the Rose Parade on New Years Day.
