

Alumni Engagement

The team has wrapped up a successful summer of events including highlights such as the Calgary Alumni Network Signature Event at the Calgary Stampede Rodeo, UW at the Mariners and UW at the Rockies events, and the first away game pre-game in Akron seeing a wonderful turnout of alumni and friends.

In August, the Houston Alumni Network and Accounting Alumni Network launched resulting in over 200 new network members. We also launched our new alumni website in partnership with the UW Foundation. www.pokes.org

UWAA Team

We have hired our new Digital Engagement Specialist, Taylor Weidinger, who comes to us as a graduate of the UW College of Business MBA Program. Taylor's experiences as a student-athlete as well as having worked as a marketing specialist for the UW University Store bring a wonderful energy and familiarity to our team and mission.
