

Alumni Engagement

November wrapped full of activity with Josh Allen's jersey retirement. UWAA covered the event and highlighted the celebration with one of our monthly Alumni Insider videos. December included a successful Alumni Study Tour in Poland led by Dr Adam Blackler and President Seidel. We also celebrated the students graduating and becoming alumni at winter commencement with our senior send-off event.

UWAA Team

This month we'll begin the process of replacing our team member, Colter Anderson. Colter will be leaving the Alumni Association in January to begin service with the United States Marines. Over the past couple of years, Colter has been a valued member of our team, first as a student intern and later as a full-time team member. During Colter's time with the Association, amongst many things, he successfully launched an affinity network program which will have a lasting impact on UW. He will be greatly missed, but we are proud to support him as he begins this next chapter.

UWAA Awards

These are annual alumni awards that are recognized at our Brown and Gold Banquet Awards on April 16th.
