The annual meeting of the Board of Trustees was held at the University of Wyoming on June 3-4, 1966. The meeting was called to order by President Newton at 9:15 a.m. on June 3. The following members answered the roll call: Brodrick, Brough, Hollon, Jones, Millett, Morgan, Newton, Reed, Sullivan, True, Watt and ex officio member President Fey. Mr. McCracken was absent from all meetings, as was ex officio member Dr. Cecil Shaw. Ex officio member Governor Clifford P. Hansen joined the meeting on June 4 at its afternoon session.

Mr. Watt moved that the minutes of the meeting on April 1-2, 1966, be approved as written; seconded by Mr. Brough and carried.

President Fey announced the following events in connection with Commencement: Saturday, June 4, at 1:30 p.m. College of Nursing Pinning Exercises, at 4:00 p.m. President's Reception, and at 7:00 p.m. the Honors Dinner; Sunday, June 5, at 10:00 a.m. Baccalaureate Service, and 2:30 P.M. Commencement Exercises. There will be a dedication of the Knight Science Camp on July 28. Additional information will be forthcoming on this event at a later date.

Mr. Newton asked for comments on a farewell party for Dr. Fey. It was decided that it would be scheduled for Monday, June 27, at the Laramie Country Club. Dr. John E. King, president-elect of the University, will be on the campus at that time and will be invited to attend. Dr. Fey was invited to add any names to the list of guests that he might wish.

	From <u>John T. Fey</u> , gift to the University of Swimming pool heater, filter, and movable accessories-current value \$1,783.49.

It was recommended that the gift of 50 shares of General Motors stock presented to the University by Bess Spiva Timmons be transferred to the University of Wyoming Foundation.

After some discussion of the organization of this Foundation, it was suggested that a committee consisting of Joe Geraud, John T. Fey, George Millett, and George Rudolph should review the structure of the organization and its legal aspects.

Mr. Millett moved acceptance of the recommendation for the continued appointment of Mr. Hans H. Vogt, Building Supervisor, for the 1966-67 fiscal year at a salary rate of \$8,376. Mr. Hollon seconded the motion, and it carried.

It was moved by Mr. Reed that authorization be granted for the establishment of the position of Assistant to the Director of Finance and Budget, effective July 1, 1966, with an appropriation not to exceed \$12,662 authorized for this purpose, to include a salary up to \$11,000, depending on the qualifications of the candidate; \$130 for contractual; \$100 for supplies and \$1,432 for equipment. Motion seconded by Mr. Hollon and carried.

The several requested budget changes were discussed. Mr. Reed questioned whether or not the University could legally participate in a cooperative such as the Hi-Land Dairyman's Association at Murray, Utah. Later in the meeting the University attorney reported he had reviewed the matter and determined that the University would assume no additional liabilities and it does have the legal authority to purchase stock in a cooperative. Mr. Reed inquired about the basis for matching

funds under Title VI-A of the Higher Education Act and was advised that it is a one to one basis. He registered opposition to approval of this particular request, and cast a negative vote when it was considered.

Mr. Hollon moved, Mr. Morgan seconded, and it was carried that the following budget changes in the 1965-66 and 1966-67 budgets be approved:

1. Deputy Executive Assistant for Business and Plant Affairs. An appropriation of \$9,000 in the 1965-66 budget for a three-year renewal of the steam boiler and machinery insurance policy and to provide for minor increases in other policies.

Deputy Executive Assistant for Business and Plant Affairs

2. Director of Personnel. An appropriation of \$525 in the 1965-66 budget to cover the cost of printing 2,000 copies of an Employees' Handbook.

Director of Personnel

3. Alumni Relations. An appropriation of \$588.47 to reimburse the Alumni Association for funds borrowed in the conduct of the second appeal of the Fourth Annual Giving Program of the University of Wyoming Development Fund.

Alumni Relations

4. Agricultural Substations. An appropriation of \$1,544.00 for the Afton Substation to provide for the purchase of required stock in the Hi-Land Dairyman's Association, a cooperative at Murray, Utah to permit marketing of Grade "A" milk produced at the Substation.

Agricultural Substations

5. Matching Funds under Title VI-A of the Higher Education Act. An appropriation of \$5,927 in the 1965-66 fiscal year and \$4,000 in 1966-67 to be added to available departmental funds for purposes of matching Federal funds for equipment available under this Act.

Matching Funds under Title VI-A of the Higher Education Act.

President Fey suggested to the Board that no change be made in the fees for 1967-68 over those in effect for 1966-67. It was moved, seconded and carried that there be no change in the fees for 1967-68. The fees for 1967-68 to be as follows:

Full Fee Registration (2 semesters)	
Wyoming Residents	\$345.00
Non-Residents	961.00
Semester Hour Fee Registration (Part-time students)	
Wyoming Residents, per credit hour	18.00
Non-Residents, per credit hour	40.00

A request for an additional appropriation of \$2, 000 for the University band to make a trip to Provo, Utah, on November 19, 1966, was questioned inasmuch as it would raise the total amount appropriated by the Board for band travel to \$4, 500; \$2, 500 was previously approved in the 1966-67 budget for band travel and the ASUW budget also provided a sum for this purpose. A suggestion was made that there should be a smaller traveling band which might be used for athletic events away from Laramie. This proposal is to be brought to the attention of Mr. Seltenrich.

Mr. Watt moved that the original appropriation of \$2, 500 be kept in the budget to be expended when a satisfactory proposal for its use is presented to the Board. The motion was seconded by Mr. True, and it carried. President Fey suggested holding the \$2, 500 in abeyance and using whatever is necessary for the Air Force Academy and Colorado State University football game travel.

Mr. Morgan moved, Mr. Reed seconded, and it was carried, that the ASUW Budget for 1966-67 be approved as presented,

with the exception of the appropriation for the Student Loan Fund since this appropriation did not take into consideration a Board approved increase of 50¢ per year from 1965 through 1969. This item is to be reviewed by the ASUW Senate in the fall.

Mr. Millett moved, Mr. Reed seconded, and it was carried that three amendments to the ASUW Constitution, ratified by the Board in April 1965, be approved as passed by the ASUW Senate and the student body. The amendments 1) provide procedures for filling permanent Senate vacancies; 2) makes the Director of the Division of Service and Auxiliary Enterprise an ex officio member of the Wyoming Union Management Committee; and 3) adds the Radio Station Committee to Senate Committees.

Mr. Watt moved, Mr. Reed seconded, and it was carried to deny the request for authorization of the title of Associate County Agent as a new designation in the Agricultural Extension Service.

After due consideration of the report of the examination of the books and records of the University for the period July 1, 1964 through June 30, 1965, as submitted by Dwight Bonham, State Examiner Mr. Reed moved, Mr. Sullivan seconded, and it was carried that the report be accepted and that the following acknowledgment be signed.

We, the undersigned, constituting a quorum of the Board of Trustees of the University of Wyoming of Laramie, Wyoming acknowledge receipt of the Report on Examination as above noted, made under the supervision of your Department.

After careful consideration of this report, we concur with the Examiner in the suggestions he has made and we have requested the officials to adjust their methods in compliance therewith, to wit:

No recommendations.

President Fey explained in more detail the request to employ a Washington patent attorney to assist in securing a process patent for research being undertaken by E. J. Hoffman, Coal Research Engineer, in NRRI. Funds for the services of a patent attorney can be made available through the NRRI budget. It is hoped that in this way the patent rights could be established and reserved for use within the State of Wyoming. Mr. Morgan moved, Mr. Reed seconded, and it was carried, that the appropriate authorities be permitted to apply for a patent in the name of The University of Wyoming subject to continuing review by the Board of Trustees.

Mr. Reed moved, Mr. Watt seconded, and it was carried, that the Board of Trustees approve the purchase for the University Stock Farm of approximately 160 acres of land, located near the airport at a price of \$50 per acre. This property has been leased by the University over a period of years. It is understood that a survey will be made to establish the acreage, and that funds up to \$7,635 are available from the money received from the Wyoming Highway Department for removal of top soil at the Stock Farm.

In the discussion of property acquisition by the University north of Lewis, President Fey suggested it should not be necessary to have all of the property appraised since the University has developed its own method of appraising it. Mr. Millett recommended that the Board formulate some type of overall plan for acquiring property north of Lewis Street so that the plan might be announced for the information of interested property holders in that area. President Fey reported

that funds for the purchase of the property at 1211 Lewis Street are available from various sources. He also reported a change in the recommendation to purchase the property at 1016 Bradley Street. It is now recommended that the property not be purchased until a satisfactory price can be negotiated.

Mr. Hollon moved, Mr. True seconded, and it was carried that the Board ratify the contract (as drawn by Mr. Geraud) for purchase of the property at 1211 Lewis Street at a price of \$20,000 on or about June 30, 1966, with funds to be made available from the following sources and to be supplemented by a loan from the University Bookstore Special Reserve up to the amount required:

Direct Expenditure:	\$16,861
Archer Substation Easement Payment	\$ 2,860
Gillette Substation Oil Lease	402
Laramie Farms Oil Lease	1,199

The meeting recessed for lunch at 12:00 noon to reconvene at 1:30 p.m.

The meeting reconvened at 1:45 p.m. with the same members present. Messrs. Elliott Hays and Bruce Newman joined the meeting for the discussion of the Refunding Improvement Revenue Bonds.

Mr. Newman pointed out that this is a large project amounting to approximately 37.5 million dollars including the additional improvement bonds. The plan has many aspects providing great flexibility. It covers seven bond issues-- six regular programs and the 1959 issue which is not callable until 1970. He called particular attention to the last two or three pages of the statistics which are the bulk of the

REFUNDING  
IMPROVEMENT  
REVENUE BONDS

program. He then proceeded to comment on the report, which was distributed to Board members with the President's Report, page by page. He pointed out that an enabling act would need to be passed by the Legislature. It is important that the law itself be drafted and discussed in great detail. The program should be started now so that it can be taken to key legislators and so that all parts involving the State Treasurer can be completed before Mr. Copenhagen's term expires. The fees were also discussed and explained.

President Fey suggested that if the Board wishes to pursue the program as outlined it should vote to prepare this consolidation, designate an investment house to handle it, and designate a bond counsel. Mr. Reed moved, Mr. Hollon seconded, and it was carried that the Board approve the general concept of the plan and preparation of the bill. Mr. Reed moved, Mr. Hollon seconded, and it was carried that the Board designate Boettcher and Company as financial adviser in accordance with the terms set forth in the executed agreement incorporated in the "Plan and Proposal for Refunding and Improvement Revenue Bonds," with authority to hire counsel, and with the understanding that should the proposal not be implemented, Boettcher and Company would be paid for services up to \$2,500 if the legislation is not adopted and up to \$5,000 if legislation is adopted and the bonds do not sell, and that the President and Secretary of the Board of Trustees be authorized to sign the written agreement with Boettcher and Company.

Mr. Newman then requested that the authorized officers of the Board sign two copies of the proposal, which they did after the word

"assist" was changed to "engage" and the phrase "for the University" deleted on the first page. Mr. Newman signed for Boettcher and Company.

Mr. Hays presented a report containing a recommendation prepared during the meeting of the University of Wyoming Foundation on June 2, 1966 for the transfer to the Foundation of the following permanent endowment funds of the University:

Bugas Gift in Economics	\$332,913.00
McIntyre, Clara F., Scholarship in English	20,179.85
J. C. Penney Gift (Unrestricted)	3,966.81
Spears, Walter Harrison & Constance Chatterton Fellowship in Geology	13,085.71
Timmons, Bess Spiva, Scholarship	10,674.32
Watt Brothers Gift, Agriculture and Law	46,949.60
Willitts, James Orr, Prize Fund	4,149.94

Mr. Reed moved that this recommendation be approved and that the above listed permanent endowment funds in the amount cited be transferred to the University of Wyoming Foundation for management purposes prior to June 30, 1966; seconded by Mr. Brough and carried.

Messrs. Hays and Newman left the meeting and the Board turned its attention once again to the items listed in the President's Report.

Mr. Brodrick reported he had encouraged the Board of Education to request assistance from the University of Wyoming rather than seeking it from Montana institutions. Some members of the Board expressed their reluctance for the University to become involved in the

COLLEGE--

problems facing the Northwest Community College at this time. Others felt that the University could not refuse to be of assistance. Mr. Millett moved, Mr. Reed seconded, and it was carried that the Board of Trustees of Northwest Community College be advised that the University would be willing to allow three of its faculty to serve as consultant to them at their request. This was a compromise to avoid direct University involvement.

Mr. Millett commented that the State Bar is involved in a helpful way with this Conference which is intended to aid in improving the minor courts. Mr. Reed moved, Mr. Sullivan seconded, and it was carried that the Board approve the request of Mr. George Guy, President-Elect of the Wyoming State Bar, for permission to name the University as co-sponsor of a Citizens' Conference concerning the proposed Constitutional Amendment to eliminate the constitutional provisions for minor court system.

President Fey suggested that it might be well to defer action on the revision of the By-Laws and Regulations of The Board of Trustees until the new president has an opportunity to review them. Mr. Watt moved that action be deferred, and that a committee be appointed to complete a study with a report to be submitted to the Board at either its December or January meeting; further that the By-Laws be revised to provide that the President of the University be at least an ex officio member of the Committee on the Coe Fund. The motion was seconded by Mr. True, and carried.

President Fey reported on new graduate programs approved by the Graduate Council and particularly called attention to

the doctoral program in Psychology approved by the Council after review by an outside consultant. Mr. Jones moved, Mr. Brodrick seconded, and it was carried that the Board recognize the action of the Graduate Council in approving the following new programs leading to advanced degrees: (1) The area of Agricultural Engineering to offer the Master of Science degree; (2) the area of Geography to offer the Master of Arts degree; (3) a program leading to the Master's degree in Special Education; (4) a Master's program in Water Resources; and (5) a doctoral program in the field of Psychology.

The items of business carried in the Addendum to President's Report were then considered.

Mr. Morgan moved, Mr. Watt seconded, and it was carried that the following appointments be approved for the periods and under the conditions cited:

1. Sharon Ann Zipperer to the position of County Extension Home Economist in Teton County for the fiscal year 1966-67 at an annual salary of \$6,156 on an 11-month basis, effective July 1, 1966. Zipperer

In discussing the recommendation that Dr. John Richard be named Acting Head of the Department of Political Science, the Board agreed that the Dean of Academic Affairs and the Dean of the College should cooperate with the President of the University in the selection of a permanent head of the Department with the idea of establishing a full, well-balanced program in political science. Mr. Watt moved approval of the naming of Dr. John Richard as Acting Head of the Department of Political Science, effective July 1, 1966, with an added

increment of \$300 to his present salary for 1966-67. The motion was seconded and carried.

President Fey explained that he felt the recommendation of the College of Education to establish 350 student teaching stations at a cost of \$70,000 for the fiscal year 1967-68 and 400 at a cost of \$80,000 for the fiscal year 1968-69 should be presented to the Legislature as a separate bill rather than as a part of the University's biennial budget. Mr. Morgan moved, Mr. Hollon seconded, and it carried that this request be tabled for action in August 1966.

Mr. Reed moved, Mr. Morgan seconded, and it carried, that the Board approve the recommendation for the creation of a Section of Cellular Biology within the Department of Zoology and Physiology, effective July 1, 1966. In this same connection Dean Meyer has requested a transfer of \$10,000 from the College of Arts and Sciences Basic Research Funds for the establishment of a new position in the 1966-67 budget. Mr. Morgan moved, Mr. Reed seconded, and it carried that the Board approve the request to transfer \$10,000 from the Basic Research Funds of the College of Arts and Sciences to the new Section of Cellular Biology for a new position in 1966-67.

Mr. Brough moved, Mr. Brodrick seconded, and it carried that the following budget changes be approved:

1. Dean of Women. An appropriation of \$1,011.64 from 1965-66 funds for remodeling Room 305 in Old Main Building to provide office accommodations for an Assistant Dean of Women.
2. Computer Center. An appropriation of \$1,759 to pay

3. Service and Auxiliary Enterprises. An appropriation of \$8,300 to replace drapes in Ross Hall.

In the discussion relating to the nursing programs at Casper and Sheridan Mr. Newton raised the question of the desirability of having the head of these programs on the University payroll. The proposed agreements with Casper College and Sheridan College concerning the nursing program for the fiscal year July 1, 1966, through June 30, 1967, were approved with the understanding that the entire program would be reviewed during the coming year.

The Board recessed at 5:50 p.m. to reconvene at 9:00 a.m. on June 4, 1966.

The meeting reconvened at 9:40 a.m. on June 4, 1966, with all members present, except Mr. McCracken, Governor Hansen and Dr. Shaw.

President Fey asked for guidance in preparing the 1967-69 biennial budget with reference to Mr. R. E. McWhinnie and Dr. G. D. Humphrey. Both of these gentlemen are included in the 1966-67 budget. Dr. Humphrey's contract with the University expires on June 30, 1968, and Mr. McWhinnie will have been retained four years beyond the usual retirement age. The Board recommended that both of them be carried through 1967-68.

President Fey reported the request of Dr. John Senior to

cancel the sabbatical leave which the Board had previously approved. The Department of English is in need of personnel and his services would be useful. Mr. Hollon moved, Mr. Morgan seconded, and it carried to approve Dr. Senior's request to cancel his sabbatical leave for Fall semester 1966-67.

Upon the recommendation of Dr. John Mathison, who assumes the headship of the Department of English on July 1, 1966, Dean E. G. Meyer has requested the appointment of Dr. Baird Whitlock as acting head of the Department during the 1966 summer session while Dr. Mathison is away from the campus. He also requested an increment of \$100 be paid to Dr. Whitlock for the first session since he is not scheduled to be on duty during that period. There would be no increase for the second session when Dr. Whitlock would be teaching. Mr. Reed moved, Mr. Sullivan seconded, and it carried that Dr. Whitlock be appointed acting head of the Department of English for the 1966 summer session with an increment of \$100 for the period.

President Fey reported the Air Force has withdrawn its request for a four-year degree program in Cheyenne. He recommended reviewing the possibility of stepping up the University's efforts to offer a broader program for civilians in Cheyenne.

Governor Hansen has designated the University as the agency to administer the Arts and Humanities program for the State.

President Fey brought a request from Dr. John Weaver, president-elect of the University of Missouri, seeking permission to rent the President's summer residence above Centennial for the month

He also reported that officials from TIAA met with University officials to discuss their program on the campus. They have retained the services of George Guy to assist with presenting the plan to the Legislature.

TIAA

President Fey reported the desire of Mr. Jack Rosenthal to establish a public system of Educational television in Casper. He suggested increased efforts by the University to get public time on local television stations. A report should be forthcoming from Dr. John Gates, chairman of the University's Educational Television Committee, for consideration by the Board of Trustees at the August meeting. Any proposal is to be discussed with Dr. King before being presented to the Board.

The University of Buffalo is interested in entering into an agreement with The University of Wyoming for use of the facilities at the summer science camp. It would be willing to pay \$4,500 plus the salary of one instructor in exchange for guaranteed stations for 15 students at the camp. Negotiations are still under way and this was

only reported to the Board as a matter of information at this time.

Mr. Reed reported on the meeting of the Special Executive Committee (Coe). Mr. Watt stated that all actions of the Committee should be acted upon by the Board since it is listed as the beneficiary and charged with the responsibility of administering the funds. Mr. Reed moved, Mr. Watt seconded, and it carried that the Board confirm all action taken by the Committee, consisting of Messrs. Reed, Watt and True, during the past year and that a copy of the report by Dr. Humphrey should be incorporated into the minutes. A copy is attached as Tab A and made a part hereof.

Mr. Newton reported the disagreement with the City of Laramie on terms for the leasing of the golf course. He plans to meet with representatives of the City. The Board reaffirmed its former decision to grant a 40-50 year lease for 18 holes, subject to cancellation after twenty-five years on an original cost less depreciation basis. Mr. Newton will take this information to the City officials. He will also arrange a luncheon meeting of the Board with City personnel for June 27.

The Board then turned its attention to the report of the Physical Plant and Equipment Committee and Mr. Robert Arnold, Director of Physical Plant, joined the meeting. Several members of the Board asked how architects were selected for the various campus buildings. Mr. Arnold and Mr. Jones explained the procedure which has been in effect for the past several years, pointing out that any architect who is interested in doing work for the University should send brochures to Mr. Arnold outlining his particular qualifications.

Mr. Jones, as Chairman of the Committee, suggested a review of the minutes of the meetings on May 6 and June 2 so the Board could take appropriate action.

Science Center Complex. Mr. Millett moved approval of the Committee's recommendations that, if the proper approval of plans for the complete complex is received from the HUD office soon enough, University officials be authorized to advertise for bids for the three Science Center projects on June 14, 21, and 28, to be opened July 20, the Physical Plant and Equipment Committee to be authorized to review the bids and award contracts on July 28; provided, however, that if this schedule cannot be met the Physical Plant and Equipment Committee may adjust the schedule to utilize the earliest time possible for advertising and letting of bids. Mr. Sullivan seconded the motion and it was carried.

Burton Warehouse. Mr. Millett moved that the proposed lease with Jim Burton be approved as recommended, to be effective July 1, 1966, for a two year term with provision that, if the landlord fails to make repairs not caused by the University's use, the University will have the option of cancelling the lease upon two weeks' notice; and that the University shall have full ingress and egress and use of the railroad siding but no outside storage. Mr. Brodrick seconded the motion and it was carried with authorization granted for its execution after the building has been inspected to determine its condition.

the hospital block, the Union Pacific property east of the main campus, etc., to be used when needed.

Arts and Sciences Building Remodeling. Mr. Millett moved approval of the Committee's recommendation that the Trustees appropriate \$1,625 for the requested remodeling and \$4,500 for new lighting in the classrooms, the new lighting in the hallways to be omitted, and that they authorize immediate procedure with the work. Mr. Brodrick seconded the motion, and it was carried. Funds for these appropriations are available in the Trustees Unappropriated funds for 1965-66.

Clinical Nursing Building-Cheyenne. This request for funds to build a new building in Cheyenne to accommodate the nursing program was tabled with the recommendation that the President should negotiate this matter with officials of the Memorial Hospital of Laramie County.

Cemetery Land. Mr. Millett moved approval of the recommendation that the Trustees accept quit claim deeds for the land east of the cemetery and the triangular piece of land at 15th Street and Grand Avenue, recognizing the fact that it may become necessary eventually to pay for an abstract and possibly to sue to quiet title; further, that the Trustees approve the recommendation of the University attorney that the President of the University be authorized to sign an agreement with respect to the acquiring of the cemetery land and to deposit checks in escrow, to be delivered by the escrow agent upon delivery of the quit claim deed to the University. Mr. Sullivan seconded the motion, and it was carried.

Grand Avenue and 15th Street Land Purchase. Mr. Millett

moved approval of the agreement with the City of Laramie for the purchase of a triangular piece of land remaining from the Cooper land purchase after the new 15th Street is completed from Grand Avenue to Iverson Avenue, with the provision that the purchase is contingent upon receiving an appropriation from the Legislature for this purpose. Mr. Sullivan seconded the motion, and it was carried. This agreement provides that, upon completion of the agreement between the City and Coopers, the City will convey title to the triangle of property extending from the center of the new 15th Street east to University property. The University will provide the sidewalks and maintain the area, and the City will provide the curb, gutter, and street paving.

Commerce and Industry Building. Mr. Hollon moved that the Trustees defer action until the August meeting of the Board on the request of the College of Commerce and Industry for the installation of an air refrigerating unit in the work room overlooking the tar and gravel roof on the east side of the building and for converting three inside seminar rooms into small offices. The motion was seconded by Mr. Sullivan, and it was carried.

Traffic and Parking Regulations. Mr. Hollon moved, Mr. Brough seconded, and it carried that the Board of Trustees approve the revised Traffic and Parking Regulations as accepted by the Physical Plant and Equipment Committee on June 4, 1966.

Power Plant--Phase II Construction. Mr. Millett moved that the action of the Committee in awarding the contract on the Power Plant--Phase II to Spiegelberg Lumber and Building Company in the

amount of \$435,790 be ratified. Mr. Morgan seconded the motion, and it was carried.

Building on Elk Mountain. Mr. Millett moved that a representative from Mr. Meeboer's office be authorized to award the contract for the construction of the building on Elk Mountain when the bids are received and opened. Mr. Hollon seconded the motion, and it was carried.

Ivinson Property. Mr. Millett moved, Mr. Watt seconded, and it carried, that the proposed purchase of the Ivinson Home property be tabled.

Alta Vista Addition and Pump House. Mr. Millett moved that the necessary right of way for the water line extending in the area of 30th Street to the Alta Vista Addition and an easement for the pump house as proposed by the City and Alta Vista Addition be granted. Mr. Sullivan seconded the motion, and it was carried. Mr. Millett moved ratification of the Committee action in approving the pump house plan. Mr. Watt seconded the motion, and it was carried.

Dormitories--Repair. Mr. Millett moved approval of repairs to damage in stairwell soffits and bathrooms in Crane and Hill Halls by the use of sprayed pastertex on the stairwell soffits at an estimated cost of \$8,630, and the use of ceramic tile in the bathrooms at an estimated cost of \$19,944, the cost to be paid from Crane and Hill Halls operating accounts. Mr. Morgan seconded the motion, and it was carried.

that the recommendation of the Committee be accepted that no additional University land be leased for advertising signs and that the Executive Assistant to the President for Business and Plant Affairs be instructed not to renew any advertising sign leases on University property without first presenting them to the Board of Trustees, and that those concerned be notified of this new policy. Mr. Hollon seconded the motion and it was carried.

Red Buttes Property. Mr. Millett moved that the Board approve the advertising for bids for the sale and dismantling of a small frame house and a wooden shed on the Red Buttes property to the highest bidder. The motion was seconded by Mr. Hollon, and carried. Mr. Millett moved, Mr. Watt seconded, and it was carried that the Board approve the use of \$2,075, which was appropriated in 1964-65 for remodeling at the Red Buttes property, for rebuilding of fences around the property, (\$800); repairing the animal pens adjacent to the old hatchery building, (\$800); and repainting and repairing the residence building, (\$475), provided the consent of the Wyoming Game and Fish Commission is obtained in accordance with the agreement transferring the property to the University.

Use of University Facilities in Case of National Emergency. Mr. Millett moved, Mr. Watt seconded, and it was carried that University personnel be authorized to enter into preliminary negotiations with the Department of Commerce and the Internal Revenue Service for use of University facilities in case of a national emergency.

Two matters of information were presented for considera-

It has been suggested that Mr. Dahl might be able to use the old greenhouses in his operation when they have been replaced with new ones for use by the College of Agriculture and the Department of Botany. Mr. Dahl does need additional facilities and it might be well to consider his needs along with the needs of the College and the Department.

A question was raised concerning the checking out time for girls who live in University dormitories. In two instances it was known that girls had been advised to vacate their rooms in Ross hall by 10:30 a.m. on Saturday, June 4. The general opinion was that some provision should be made for on-campus housing for any students who need to remain on the campus through Commencement, as well as regular recess periods during the year. Mr. Hays discussed the policy with Mr. Dana Davis and reported that students who requested additional time in the dormitory were granted permission to remain. Provisions will be made to avoid such misunderstandings in the future.

The meeting recessed at 12:30 p.m. to reconvene at 2:00 p.m.

The meeting reconvened at 2:30 p.m. with the same members present.

President Newton read a letter from Mr. Elliott Hays, Deputy Executive Assistant for Business and Plant Affairs, which described the deferred compensation provisions of President Fey's contract which had been funded through an insurance policy payable to Dr. Fey. In accordance with Dr. Fey's wishes in the matter, Mr.

Hays recommended that the policy with paid premiums of \$3,886.88 be transferred to him. Mr. Watt moved that this recommendation be accepted and that the policy be transferred to Dr. Fey; seconded by Mr. Brodrick and carried.

Mr. True moved that the current officers be re-elected for the ensuing year. Mr. Millett seconded the motion and moved that nominations be closed and that the Secretary be instructed to cast a unanimous ballot. Seconded and carried. Officers for 1966-67 to be as follows:

- President Harold F. Newton
- Vice President L. W. Jones
- Secretary H. E. Brough
- Deputy Secretary Rose S. Dolson
- Treasurer John A. Reed
- Deputy Treasurer Elliott G. Hays

Mr. Newton discussed the wire which had been received from Jack Rosenthal, Manager of KTWO Radio and Television in Casper, requesting a report of action taken on providing equal privileges for both networks in broadcasting athletic events. Mr. Rosenthal had made a statement on this matter to the Board at the December 1965 meeting charging that a conflict of interest existed in Mr. McCracken's Board membership and interest in radio station KFBC in Cheyenne. The Board reviewed previous discussion on the University policy and after further consideration and discussion, Mr. True moved that the following resolution be adopted, seconded by Mr. Watt and carried.

ELECTION OF OFFICERS

BROADCASTING ATHLETIC EVENTS

President Newton directed that a copy be sent to both of the networks concerned.

WHEREAS, the Board of Trustees of the University of Wyoming desires to make provision for the maximum radio coverage for the broadcasting of University athletic events for the purpose of making such broadcasts available to all of the people of the State of Wyoming, and

WHEREAS, the Board wishes to establish a broad policy to provide that equivalent facilities will be made available to all interested networks on a non-discriminatory basis, and

WHEREAS, at the present time two networks within the State of Wyoming have expressed a desire to broadcast University athletic events; now therefore, be it

RESOLVED, that the Director of Athletics be and is hereby directed to be guided by the following statement of principles governing the broadcasting of University of Wyoming athletic events:

- 1) There will be no one official University radio network, and no network shall be so designated in any athletic program or publication;
- 2) At all home games, provision shall be made for equal facilities for both broadcasting networks;
- 3) In scheduling away from home games, every effort shall be made to secure equivalent broadcasting facilities for both networks;
- 4) The Director of Athletics shall designate on an alternate basis one network as the primary broadcasting unit for each away from home event. Where facilities do not permit the accommodation of two networks, the primary unit shall be responsible for the broadcast and shall, where possible, make arrangements to share the broadcast with the other network on a mutually agreeable basis. When charges are assessed by the home school for a second broadcast privilege, such costs shall be borne by the designated secondary unit for that event.
- 5) When possible, transportation shall be made available with the team on a proportionate cost basis for the announcer from each network, and for the staff when possible. If transportation cannot be made available to both, neither shall be accommodated.

Dr. Fey then expressed his appreciation to the Board for the opportunity of having worked with them and for the very fine relationship which he had enjoyed. He offered his services to the Board if he could ever be of assistance. Upon motion duly made and seconded, the meeting was adjourned at 3:45 p. m.

Respectfully submitted,

Harold E. Brough  
Secretary
