WYOMING INNOVATION PARTNERSHIP – SUMMARY REPORT 1.6.2026 – PHASE III, YEAR 2

WIP ACTIVITY SUMMARY

- Proposal submitted by the Wyoming Business Alliance/WIP for a Department of Education Artificial Intelligence (AI) FIPSE Grant – *Wyoming Digital Workforce Accelerator*
 - This will focus on integration of AI into Curriculum, Instructional and Administrative Tasks as well as Critical Thinking and Innovation.
 - If awarded, \$3,998,440 from the Department of Education and \$219,411 in Non-Federal funds will be available to support the project over the next 3 years.
 - Project partners included: the Department of Workforce Services, University of Wyoming, Casper College, Central Wyoming College, Eastern Wyoming College, Gillette College, Laramie County Community College, Northwest College, Sheridan College, and Western Wyoming Community College.
 - The proposal included letters of support from Idaho National Laboratory as well as 5 industry partners.
- UW WIP projects continue to engage and pursue partnerships with business and industry as well as grant opportunities.
- Programmatic reporting updates are due on January 12th.
 - Estimated project spending plans will be available after this date.
- In the process of drafting out long term plans for WIP sustainability following its transition to the Wyoming Business Alliance (WBA).

WIP UW PROJECT UPDATES

COLLEGE OF BUSINESS

- Phase II & Phase III Year II funds have been made available
- Continuing work on NSF ART Track 4 proposal. (due March 2026)
- Formalizing WIP partnerships into a Wyoming Entrepreneur Coalition with representation from various state and academic partners. (e.g., Manufacturing Works, MIT Martin Trust Center)
- Transferring the Entrepreneurship Masterclass initiative and the MBA in Residence program under the Venture MBA for ongoing funding and delivery.
- **Partnerships** – MIT Venture Mentoring Services, MIT Martin Trust Center

RESEARCH & EDUCATION

- Continuing to develop, deploy, and test mesh sensor technologies that complement and expand the existing SAGE sensor network.
- Continuing key outreach activities like the SAGE Node Workshop in partnership with Argonne National Laboratory.
- Expanding the scope of work to include greater student involvement in applied projects and data analytics, connecting classroom learning with hands-on research.
- **Partnerships** – Argonne National Laboratory, Northwestern University

SOFTWARE DEVELOPMENT

- Continuing to expand internship opportunities with Wyoming businesses and increase the integration of applied research projects into coursework.
- Maintaining the software development AS/BS pathways, experiential learning opportunities, and statewide engagement events.
- Identifying opportunities to lower long-term IT and operational costs through shared platforms that will also support standardizing curriculum across institutions.
- **Partnerships** – Western Wyoming Community College, Central Wyoming Community College, Northwest College, AgTerra, Concordant, UL Solutions

DATAHUB

- Hosting the Open Science Data Forum in Laramie from January 12-14.
- Continuing to update recommendations for UW to address long-term cyberinfrastructure topics.
- Initiating an annual Research Computing and Data Capabilities assessment to develop a comprehensive research data governance model.
- School of Computing is developing new credentials, including a new BS in Data Science and complementary undergraduate credentials in AI, to preserve and transfer knowledge.
- **Partnerships** – Advanced Research Computing Center, UW Libraries, School of Computing

WORTH

- Expanding workforce development initiatives, including internships, scholarships, and certification programs.
- Working on grant applications to launch the RATOR AmeriCorps program and develop the Center for Western Hospitality as a flagship workforce hub.
- Continuing to preserve institutional knowledge by using formalized documentation, shared drives, cross-training of staff, and engaging affiliated faculty (14 across UW and community colleges).
- Hosting Wyoming Outdoor Recreation Summit in Saratoga from April 30th to May 1st.
- Long-term vision is for the WORTH Institute to be the nation's leading university-based model for integrating tourism research and workforce development by 2030.
- **Partnerships** – Wyoming Office of Tourism, Wyoming Office of Outdoor Recreation, Outdoor Recreation Roundtable

CONTROLLED ENVIRONMENTAL AGRICULTURE

- Installation of the PhenoTyper instrument for the Plant Growth Phenotyping Facility is planned for the first quarter of 2026.
- Continuing to seek grants for research infrastructure (e.g., USDA NIFA/AFRI/UIE) and training (e.g., NSF REU), as well as support from Wyoming CEA industry.
- Developing formal CEA minor as well as MS certificate for curriculum review.
- **Partnerships** – School of Computing, Wyoming Business Council, Central Wyoming College

PRECISION AGRICULTURE

- Actively seeking grants through the Wyoming Governor's Office, USDA, and private foundations.
- Planning for a continued internship program with EWC, targeting 2-3 students per summer to work at the Sustainable Agriculture Research and Extension Center (SAREC), as well as a graduate student position.
- Will continue to hold the annual joint Ag Expo/Field Day between SAREC and EWC.
- **Partnerships** – SAREC, Eastern Wyoming College

RANCH MANAGEMENT & LEADERSHIP

- Degree program within College of Agriculture, Life Sciences and Natural Resources is becoming one of the larger programs in the college. (32 total students enrolled, with 18 new students this fall, all accomplished in less than 2 years.)
- Continuing current programs as before and developing a graduate degree program to ensure highest level of skill transfer for partners.
- The program has seen tremendous support within the industry and its partners, and the long-term vision is to have the most advanced RMAL degree program in the intermountain west.
- **Partnerships** – Laramie Research and Extension Center (LREC), LU Ranch, School of Energy Resources (SER)

VIRTUAL REALITY

- Submitted a \$900,000, 3-year NSF Research on Innovation Technologies for Enhanced Learning (RITEL) grant which will support all licensing, hardware and support needed for the program to continue to grow if funded.
- Currently outlining a working group to manage ongoing logistics, which will be essential for maintaining project momentum, tracking and reporting for future programs.
- Continuing to track ease of implantation, sentiment analysis, number of students and classes utilizing VR technology, topic areas and points of difficulty to ensure improved utilization of hardware and software.
- **Partnerships** – Meta, VR Experts, Chocolate Milk & Donuts, Wyoming Community College Commission, all Community College's throughout the state

BLUE HYDROGEN

- Working on incorporating additional courses within the nuclear energy field with the goal of developing a nuclear energy program at UW with the areas of focus listed below:

- The fuel supply chain for advanced nuclear reactors and microreactors and its social, economic, and environmental impacts in Wyoming.
 - Deployment of advanced nuclear reactors and microreactors for AI data centers and the electric power sector.
 - Development of nuclear energy seminars and workforce training workshops.
- **Partnerships** – UW High School Institute, School of Energy Resources (SER)

MAKERSPACE

- Ongoing search for industry and grant support to sustain the annual operational costs which are expected to be around \$108,000, mainly for staff.
- Industry partners have expressed a large amount of interest in the model and have asked for industry specific options.
 - Plans for a dedicated electrical skills training trailer have been made and Makerspace is currently exploring the possibility of creating a nuclear energy-focused trailer to address this growing field.
- Currently, all WY school districts and schools can access Makerspace crates and educational resources at no cost so that everyone is able to access resources regardless of funding.
 - A fee-based model is being considered for future sustainability, although waivers may be available to continue to provide access to all counties.
- **Partnerships** – Future partnerships will be tracked through formalized MOUs.

MANUFACTURING WORKS

- MW is continuing mitigation for the risk of federal funding disruption by consistently presenting the measurable, tangible impact of the work to key advocacy groups, as well as pursuing a strategy of expanding the external funding base.
- Training continues to be offered through a combination of fee-for-service programming as well as state-level support.
 - Future training will be tailored to industry needs (e.g., continuous improvement practices, workforce development, and innovation strategies).
- Success and value will continue to be tracked and demonstrated by key metrics such as cost savings, increased sales, retained sales, and job creation or retention.
- **Partnerships** – American Small Manufacturing Coalition (ASMC), Wyoming Business Council, Economic Development Organizations (EDO's)

UW ADMINISTRATIVE SUPPORT

- Regularly meeting with project leads to go over progress and update sustainability plans.
 - Next reporting deadline is January 12th for all UW projects.
- Working on most effective structure for VR working group to ensure sustainability and scalability.
- Identifying programs that may not be able to spend all funding by June 2026 so funding can be reallocated to programs needing additional funds to complete their scope of work within deadlines.
- Drafting standard metrics and reporting processes to allow for continued reporting on project progress in future years.
- Coordinating Presidential Steering Group & Program Management meetings to align projects with statewide areas of focus and need to allow for increased level of coordination and partnership.

Agenda item #2

Status of Housing Debt

The 2021C bond issuance was finalized on August 17, 2021. Total bond proceeds less closing costs were deposited into a separate account specifically for bond proceeds with PFM Asset Management, UW's Investment Advisor. This account is being managed according to the specifications outlined in the bond resolution.

Per section 1.12 of the bond resolution dated June 1, 2021, pursuant to the resolution adopted and approved on November 14, 2019, UW can reimburse itself for capital expenditures relative to phases 1 and 2 of the student housing project with bond proceeds within 18 months of the date of the expenditure of moneys on capital expenditure or on the date upon which the project containing the capital expenditure is placed into service, whichever is later (but in no event more than 3 years after the date of the original expenditure of such moneys).

As of January 5, 2026, \$257,213,509 of the bond proceeds for new housing, parking, and dining facilities have been expended and reimbursed to UW. \$15,375,708 of this amount corresponds to capital expenditures made before the issuance of debt for the projects on August 17, 2021.

*Note that payments to the retainage account are not expended until released by UW to the contractor. Funds in the retainage account including interest earned are considered bond proceeds and subject to all bond compliance requirements.

** Retainage paid plus interest was returned to UW in February 2024 upon execution of the Termination and Return of Deposited Retention to the University agreement.

Status of Satisfaction of Bond Debt RequirementsTiming of use of funds

Per the bond tax compliance certificate, 85% of the proceeds, \$213,172,364.06 of the total \$250,791,016.55, are to be expended within three years of the date of issuance of the bonds. It was anticipated UW would not meet the 85% spending threshold by 8/16/2024, the expiration of the three years. Upon consultation with bond counsel, the UW Board of Trustees approved the First Supplemental Tax Compliance Certificate for the 2021C bond issue in July 2024 to certify the plan for diligently proceeding with the project and spending the remaining bond proceeds. The certification document is required to be kept on record at UW. There are no other filing requirements.

EXECUTIVE SUMMARY:

Vice President Kean, Provost Alexander, and the Central Fee Book Committee chairs will present the proposed changes to the FY 2027 Student Fee Book for the board's consideration.

Pursuant to the ByLaws of the Trustees, Article VIII. Section 2 (STUDENTS):

All student fees, charges, refunds, and deposits shall be fixed by resolution of the Trustees and shall be published in the appropriate university publications.

Per UW Regulation 7-11 (Tuition, Fees, Scholarships, and Financial Aid), student tuition, fees, and charges (“Fees”) and related policies and procedures shall be established by the Board of Trustees in the University Fee Book. Through the Office of Financial Affairs, the President shall maintain and publish the Fee Book.

The Central Fee Book Committee convened on August 22, 2025, and accepted student fee book requests from campus constituents during September. The Committee has determined that the proposed changes are reasonable and necessary to support various operations across campus. These changes have been organized and included in the supplemental materials. For the Board’s reference, the document includes the page number from the FY26-approved Student Fee Book. Please note: Course and ghost fees are not permitted under the Programmatic Fee structure.

Provost Alexander and Vice President Kean will recommend to the Board that the reports be accepted and approved.

PRIOR RELATED BOARD DISCUSSIONS/ACTIONS:

The Board accepts and approves the Student Fee Book each year.

WHY THIS ITEM IS BEFORE THE BOARD:

The Board of Trustees is responsible for establishing all fees, charges, and deposits assessed and refunds afforded to individuals applying for admission to the university, enrolled students, university employees, and the public. Such fees shall be reasonable and prudent to adequately protect and control university funds, equipment, facilities, services, and materials.

ACTION REQUIRED AT THIS BOARD MEETING:

The Board approves the recommended FY27 Student Fee Book presented to the Budget Committee.

PROPOSED MOTION:

In accordance with UW Regulation 7-11, I move the Board approve all of the Academic Year 2026-2027 Student Fee Book recommendations as presented in the Biennium Budget Committee materials. *[placeholder]*

PRESIDENT'S RECOMMENDATION:

The President recommends approval.

24	NEW	School of Computing	<div>School of Computing Program Fee</div> <div>The School of Computing is requesting to establish an undergraduate program fee of \$25/credit. This request comes at the launch in fall 2025 of its new academic programs. To ensure sustainable delivery of high-quality instruction, student support, and access to specialized software, hardware, and learning resources, the SoC proposes the creation of a program fee of \$25 per credit hour.</div> <div>By adopting this fee structure, the School of Computing aims to: Provide students with continued access to cutting-edge computing resources and industry-relevant technologies. Support the growth and sustainability of new academic programs launched in Fall 2025. Ensure parity with other programs on campus that assess similar per-credit fees. This proposal represents an important step in building a financially sustainable foundation for the School of Computing’s academic mission while maintaining fairness and consistency for students across related programs.</div> <div>This fee would apply to all courses with the COMP (Computing) and SDEV (Software Development) prefixes.</div>	NEW	\$25.00	\$25.00		~ \$10,000

Other Student Fee Request								
26	NEW	Online Learning, Academic Affairs	<p>Online Learning requests to add a new Podium Enrollment Fee. In addition to UW tuition and fees, enrollment in the Podium virtual internship requires a one-time fee to Podium. This fee pays for the Podium financial obligation.</p> <p>Students enrolling in a course that includes the Podium virtual internship earn real world experience working on projects and solving problems with leaders from Fortune 500 companies. This course, and the need for this fee, makes available internship experience to those who cannot access place-based internships and those who can. The fee requested is the total financial requirement to Podium by UW for a student enrollment - there are no dollars retained by UW.</p> <p>The Central Fee Book recommends that ASUW TASERC schedule a hearing with Online Education to review this fee request and provide their recommendation. If favorable recommendation from ASUW, this fee would be brought back in March to the Budget Committee</p>	NEW	\$ 1,800.00			Pass thru to Podium
27		Business Enterprises - University Store	The University Store is proposing to remove the "up to" wording from the current fees and define the amounts for undergraduates as \$275/semester and \$100/semester for graduate students. Additionally, the University Store would like to include a statement for Nursing students as follows: "Nursing students in the BRAND, BASIC junior, and BASIC senior cohorts, with a summer start, would be required to pay the \$275 StartRight+ fee for summer. Fall and spring semesters are automatically billed." This will allow for the Nursing request above to be deleted.

The Haub School requests the addition of an ENR 4965/5965 field or an international experience to this list of classes.</p> <p>For all courses, fees are charged according to the cost required to offer the class (Fees listed are maximum amounts): (remove) ENR 1101 Field Week: per person, per class</p>	NEW	\$7,000.00	\$7,000.00

30	NEW	School of Energy Resources	<p>The School of Energy Resources requests to add a \$2,000 course fee for study abroad course travel. ERS 4975 Global Experience in Energy</p> <p>In the summer of 2026, SER will be offering a study abroad course (approved by Study Abroad Office) and we have come to the realization that we need to add a course fee for our ERS 4975: Global Experience in Energy course. For summer 2026, we have secured funding to allow for this course fee to be added to future offerings. This is a one time only exception for SER to be able to absorb some of these expenses. This course fee will allow us to offer this course with predictable regularity and secure financing. This fee will be used for hotel accomodations, meals, transportation such as buses, etc. Without this fee, we will be unable to offer this course again.</p>	NEW	\$ 2,000.00	\$ 2,000.00

31		Department of Music	The Department of Music respectfully requests an increase to lesson fees to better align with peer institutions, ensure competitive compensation for instructors, and secure the long-term strength of our program. Applied lessons are one-on-one instruction with a cost that is higher than typical classroom teaching. <ul style="list-style-type: none">• Lesson fees have not been adjusted since 2015. Instructor compensation has remained flat since 2015.• Recruitment and retention of instructors are increasingly difficult. To maintain high standards, we must offer competitive salaries to attract outstanding teachers, including those who travel to Laramie. Without this, we risk losing the ability to provide lessons across a full range of instruments.• As Wyoming’s only four-year institution, UW carries a unique responsibility. Our ability to provide instruction in as many instruments as possible sets us apart and strengthens both our program and the state’s music community.• Quality instruction supports departmental ensembles. The success of our ensembles depends directly on students receiving strong individual instruction across all instruments.					~\$23,500

32		College of Law	The College of Law requests a \$300 per-semester fee for each law student, with a maximum fee of \$1,800 per student. Revenue from the fee would be used to purchase a bar exam preparation course and materials from a commercial bar exam preparation company. This is pass-through fee. It is expected that the bar preparation fee will generate approximately \$135,000 per year in revenue. We expect this money will be used to purchase a bar exam preparation course for each student. We expect that the College of Law will enter a contract with the bar exam preparation company that specifies that we pay the fee to them for content that they provide directly to the student who paid the fee. This arrangement would be net revenue neutral to the University.

Housing and Dining Considerations								
34		Housing	Increase based on market competitors and to be used to offset the average increase cost of supplies due to inflation. Increase costs of labor and materials for facility maintenance. Ongoing repairs to aging buildings and apartment facilities. Also, increase to monthly rent will help support the Housing bond payment. Utility rate increase to offset costs of utilities, including electric, gas, steam, etc.

EXECUTIVE SUMMARY:

The Financial Aid Strategy approved in July 2019 was implemented for the 2020-21 and 2021-22 awarding cycles. This strategy was most recently modified in January 2025 for the 2026-27 awarding cycle. To utilize institutional and foundation resources strategically and enhance recruitment and retention, the Administration is recommending the following:

1. Retain the current resident (new first-time and transfer) merit student grids and matrix for awarding and renewing.
2. Retain the current non-resident (new first-time and transfer) merit student grids and matrix for awarding and renewing.
3. Effective for the 2026-27 aid year, expand the consideration of weighted GPA by removing the appeal process. By doing so, UW will accept a weighted GPA for consideration of the matrix.

PRIOR RELATED BOARD DISCUSSIONS/ACTIONS:

The Financial Aid Strategy and award status were last reviewed and discussed during the December 17, 2025, Budget Committee Board meeting. Per the Board of Trustees Annual Schedule, the Vice President for Budget and Finance shall submit the financial aid plan in January.

WHY THIS ITEM IS BEFORE THE BOARD:

Per UW Regulation 7-11 (Tuition, Fees, Scholarships, and Financial Aid), scholarship and financial aid programs require annual Board approval.

ACTION REQUIRED AT THIS BOARD MEETING:

The Board approves or disapproves the recommended Financial Aid Strategies presented for the 2027-28 awarding cycle.

PROPOSED MOTION:

In accordance with UW Regulation 7-11, I move to authorize the Administration to adopt the Financial Aid Strategies as presented in the Biennium Budget Committee materials. [Placeholder]

PRESIDENT'S RECOMMENDATION:

The President recommends approval.

EXECUTIVE SUMMARY:

The Administration is currently developing the University's FY 2027 Operating Budget. The Board of Trustees Budget Committee is scheduled to hold budget hearings with the Leadership of the University's Divisions and Colleges on May 11 – 12, 2026, and deliver an update on the FY2026 budget to the full Board of Trustees on May 13, 2026, conduct follow-up hearings (if necessary) in late May through early June, and then when prepared, recommend to the full Board of Trustees a final FY2027 Operating Budget for approval and adoption before the start of FY2027 on July 1, 2026.

The Administration presented the University's supplemental request for State funding to the Joint Appropriations Committee on December 10, 2025. Final appropriations will not be known until the conclusion of the 2026 Wyoming Legislative Session, scheduled to adjourn on Wednesday, March 11, 2026.

Some preliminary budget assumptions by the Administration in the FY2027 budget are:

State Appropriations	Standard Budget as recommended in the Governor's FY2027-2028 biennium budget.
Utilities	Anticipated 10% increase in utility charges.
Gross Tuition Increase for Base Tuition, including block tuition pricing for full-time students.	<ul style="list-style-type: none"> • 4% resident undergraduate and graduate main campus tuition • 2% non-resident undergraduate main campus • 4% non-resident graduate main campus tuition • 4% resident and non-resident online undergraduate and graduate tuition
Net Tuition Revenue (net of financial aid)	\$500,000 increase in General University Operations Revenue.
Enrollment Estimates	New Undergraduate Enrollment 1,450 first-time, first-year students - 920 Resident Students - 530 Non-Resident Students 775 new transfer students 2,700 Graduate/Professional Enrollment 15,700 main campus fee-paying students (fall & spring)
Salary Increase	The Governor's FY2027-2028 proposed budget does include funding for compensation increases. Without the legislature appropriating additional funding there are no planned salary increases for FY2027.

Fringe Benefit Rates (as submitted by the University for our comprehensive fringe rate proposal to the U.S. Department of Health & Human Services)	40.0% Faculty 48.1% Staff 2.6% Non-Benefited Estimated impact based on FY26 budgeted positions is \$3.9M of unrestricted operating, and \$500k for all other fund sources

PRIOR RELATED BOARD DISCUSSIONS/ACTIONS:

This analysis is provided annually.

WHY THIS ITEM IS BEFORE THE BOARD:

The President of the University shall develop an annual Operating Budget for the University each fiscal year. On or before April 15, the President shall submit his proposed Operating Budget for the fiscal year beginning on the following July 1 to the University's Board of Trustees. The Budget Committee of the Board of Trustees shall hold hearings where each of the University's Administrative Officers shall present the proposed budget for their Division/Unit (Organization) for the upcoming fiscal year. The final approval of the Operating Budget rests with the Board before the beginning of the fiscal year.

What changes have been made to your division/college's FY26 Budget compared to FY25? Please explain large variances (greater than \$100,000).

The unrestricted operating budget for the Office of the President remains flat between FY25 and FY26. The most significant change is in the budgeted amount for Professional Services Expenses. This is due to several special projects and the anticipated need for external support for events. The increase in the Professional Services Expenses was offset by decreases in other lines. Another significant change is in Staff Salary Expense FT as we eliminated an events position that was previously supported by the UW Foundation. There are no variations greater than \$100,000.

It also important to note the Office of Alumni Affairs began reporting to the Office of the President in January 2025. The budgeted salaries of the six members of the Office of Alumni Affairs staff remain in the Alumni Relations organization, found in Entity 11 (not a part of the Entity 10 proposed FY26 budget).

Please describe how you plan to spend your division/college's high designated fund balances (over \$100K) this fiscal year or in FY26.

The Office of the President has one designated fund with a balance in excess of \$100,000. In FY26, these funds will be used to support a term-limited, full-time position and programming as well as enhancements to the university's website infrastructure.

Foundation Funds: Please list any issues with spending out of Foundation Accounts. Does your budget match the expendable amounts of those Foundation Funds?

The Office of the President currently has two Foundation accounts with an expendable balance of at least two times the average annual payout. A plan is in place to spend those funds down below the 2x threshold during FY26. The FY26 budget does match the expendable amounts of those two funds as of February 2025.

1. What has the division/college been doing to help with enrollment strategies and recruiting efforts?

The Office of the President supports student success and recruiting efforts in multiple ways. These include managing the Student Success Quasi Endowment; supporting the President's participation in recruitment events including UW in Your Community; hosting town hall meetings for students; and supporting enhancements to the university's website infrastructure.

2. What is your process for determining new faculty hires for your college?

N/A

3. The University is experiencing lower revenue generation and expects this trend to continue. Do you have a plan in case the university needs to reduce budgets? How are you adjusting your budget accordingly to accommodate low-producing programs?

The Office of the President has recently undergone a prioritization exercise that has helped us determine the office's ranked priorities. Should the Office of the President need to reduce its budget, we will do so in a way that preserves funds for the highest priorities and reduces funds for lower priorities.

4. How does your college plan to utilize salary savings from turnover or failed searches? What is your evaluation process for refilling vacant positions within your division?

As a relatively small unit, the Office of the President does not anticipate vacancies during FY26. When a position becomes vacant in the Office of the President, it provides an opportunity to re-evaluate office and institutional needs and realign accordingly. The process is as follows. 1) Review current position description; 2) Discuss office and institutional needs with the President and other leaders, as appropriate; 3a) Adjust the position description to align with current needs and post to UW job board; or 3b) Maintain position description as is and post to UW job board or; 3c) Eliminate the position and reallocate funds to higher priorities.

1. Transfer to support Biodiversity Institute will be done in two parts: following the close of Dec-25 period and at end of FY26.
2. The majority of Distance and Education Abroad fees are collected in the second half of the fiscal year.
3. Q2 distributions of indirect cost are in process.
4. The colleges' use of distance fee allocations for salary relative to other expense is higher than anticipated (compare with line 47).
5. Transfer from Graduate Education to colleges for GA stipend support will take place following the May payroll period.

1. Q2 County Reimbursements for Extension salaries are not billed until after December payroll posts. Also, due to the Federal shutdown, the USDA payment for WSVL's billing of \$258,412.25 is coming in late and should post sometime in Q3.

2. The rollup in the 76000 categories makes it look like it is overbudget due to not receiving the \$801,126 transfer in from Graduate Education, which usually comes in May of the end of the fiscal year if we use all of those funds. We transferred our College share of Startup commitment of \$734,140 earlier than we usually do, as have a couple of Departmental startup commitments from the URO.

3. The rollup in the 77000 categories looks overbudget due to us having over \$1.4 budgeted against our reserves as revenue which won't transfer until close to FY26 close. Capital asset purchases are on track. Capital projects submitted have not yet been billed by Operations.

4. Q2 distributions of indirect cost are in process.

1. The variance is caused by a majority of the rebate revenue for Procurement coming in 3Q and 4Q. Additionally, Housing's miscellaneous revenue is down due to a year-end accounts receivable entry that was recognized in October; most of this revenue was then paid by an IDT and recognized in the Internal Allocation & Sales roll-up.

2. The variance is caused by 1) Catering paying their annual property tax expense. This came in at 98% of budget and will not have any additional expenses for the year. 2) Residential Campus Dining and Retail Campus Dining's annual POS system and Meal Plan system were budgeted under 64008 - Computer Software & License expense. A correction will be processed in 3Q and will be below the budgeted amount for the year.

3. This variance is caused by 1) \$2,195,000 is budgeted for the potential use of division reserves in FY26. Additionally, the \$1,150,000 is the budgeted transfer from F&A designated operating fund source to cover the Office of Sponsored Programs operating expenses.

4. Q2 distribution of indirect costs are in process and will be recognized in 3Q.

5. The variance is caused by 1) Institutional Marketing allocated funds being set up as a project under the Budget Office org. These were approved up after the budget was finalized. 2) The Office of Sponsored Programs annual professional services were paid in 2Q, and is forecasted to be below budget for the year.

6. The variance is caused by Institutional Marketing allocated funds being set up as a project under the Budget Office org. These funds were approved after the budget was finalized.

7. The variance is caused by the transfer in of funds to cover the 9-month faculty members salaries that are funded over 67% on a sponsored project. The transfer will happen around year-end.

1. Q2 distributions of indirect cost are in process.
2. Available rollover funding from the High Bay Equipment Acquisition Fund (Project#: 9001000B; Cost String: 10-200-085001-10502-200-0000-0000-0) was allocated to purchase Q6000 series precision pumps for utilization in COIFPM's portfolio of sponsored research projects. These pumps are critical for core flooding, reservoir simulation, EOR studies, and fluid property measurement experiments.

1. This variance reflects the frontloading of insurance premium costs at the start of each fiscal year, along with routine expenses incurred since Q1. A portion of these costs has been, and will continue to be, recovered through pass-thru billing to other units.

1. A significant portion of revenues are collected at fiscal year end via NCAA & Mountain West revenue distributions, thus creating a shortage variance throughout the year.
2. There is a currently pending payment for \$2.1M for Q1 CJC State Matching funds. We are also working through the data validation process for our Q2 matching request, which I would conservatively estimate at around \$1.5M, which will put us in a good position to fulfill the full \$5M match after Q3.
3. Much of our travel expenditures and equipment purchases are front-loaded in Q1/Q2 due to preparation for Fall/winter sports and initial pre-season equipment purchases.

4. The majority of the Int., Claims, Other Exp., Subcontracts, Depr. & Amort. Category for Athletics is centered around game guarantees, which are tools primarily used to secure home games against non-conference opponents for Football, Volleyball, and Men's/Women's Basketball, all of which occurs in the first half of the FY, thus causing a large Q1/Q2 variance.
5. The internal allocations & sales summary is our budgeted line for Cowboy Joe Club support of Athletics URO budget. This transfer does not occur until May/June each year, thus creating a large variance throughout the whole year.
6. There is a budgeted transfer from UW Athletics reserves and from allocated state appropriations that have already been received. These transfers have not yet occurred in FY26, thus creating a variance.
