# Adding an Instructor or Instructors

Most office associates within individual academic departments have access to make changes to courses, such as adding an instructor, within the Banner system. **Faculty who would like to add a GA as an instructor to their course should contact the office associate within their academic department**.

After clicking this link, you will be taken to the WyoLogin screen. Use your network login to log into the Banner system.

Associates may also log into Banner at https://wyoinb.uwyo.edu/welcome-index.html:

Guidelines for Loading GAs into Banner	
Examples - select 1 of the 4 categories that most closely describes the GA role	**Multiple Instructors - % of Responsibility**
GA is responsible for all or most of class content or is entirely responsible for a separate lab or discussion section listed apart from course lectures. Faculty role is mentorship (e.g., regular mentoring sessions).	Faculty max 12% GA minimum 88%
GA is regularly providing active role in > 10% classroom meetings and provides support within a course (e.g., grading, office hours, discussions..).	Faculty max 50% GA minimum50%
GA is providing grading, tutoring and occasional lectures (e.g., 10% or less of class meetings) and serves a supportive role for the course in which the faculty delivers content.	Faculty max 75% GA minimum 25%
GA has no role in delivery of content but contributes in supportive roles to assist the faculty (e.g., no class attendance but occassional grading and/or class prep).	Faculty max 88% GA minimum12%
In all cases, the faculty are expected to mentor the GA teaching experience with regularly scheduled meetings throughout the semester. In the Banner system the Primary Indicator identifies the individual who enters the final grades.
