

# Assistive Technology Services Flow Chart

How do you acquire information about assistive technology devices for yourself, family members, or clients to enhance life, work, and play?

## Public Awareness

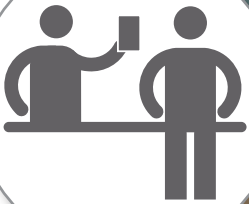

### Information & Assistance

Contact Wyoming Assistive Technology Resources for more information on AT devices and usage.

### Device Demonstration

AT professionals will demonstrate different devices according to your particular needs.

### Device Loan

You can borrow devices to try at home, school, work, or play.

### Device Acquisition

You can acquire the desired device or consider additional options.

### Reutilization & Financing

Some devices may be acquired at little or no cost. For others, financing through Wyoming Technology Assistance Program (WyTAP) is available. Contact WATR to learn about all your device options.
