## Wyoming School-University Partnership

### December 2023 | The Latest Updates from WSUP

Wishing you all a happy holiday season and a very fruitful new year. See you in 2024.

#### Partnership Updates

##### Governing Board Meetings

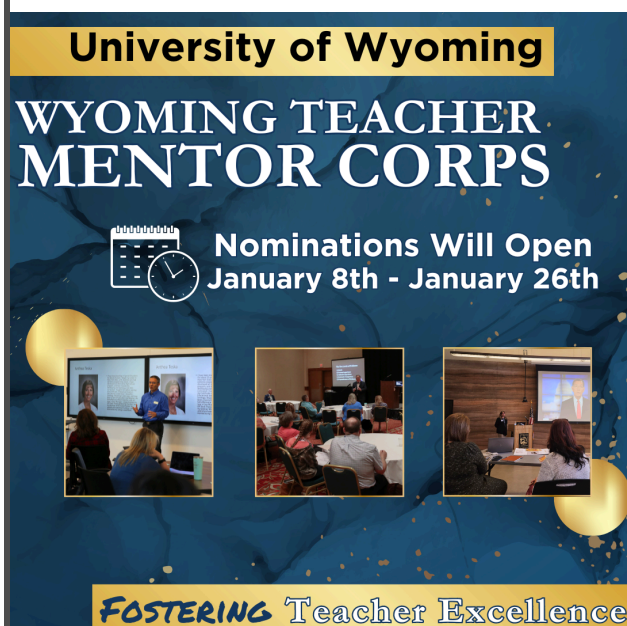

Review the [minutes and materials from the October Governing Board meeting](#) to ensure you are up-to-date on discussions and activities pertaining to the Partnership. The next WSUP Governing Board meeting will be held on [Wednesday, January 31st, 2024 and will be a virtual meeting](#). A calendar place-holder has been sent out with a link for meeting materials.

##### Contributor of the Year Award

Congratulations to Colby Gull, Director of the Wyoming School-University Partnership who was invited to attend [SAE International's](#) annual conference back in November where he received the 2023 Contributor of the Year award for his work in STEM.

#### Education Community Updates

**University of Wyoming**

# WYOMING TEACHER MENTOR CORPS

**Nominations Will Open January 8th - January 26th**

**FOSTERING Teacher Excellence**

## Wyoming Teacher Mentor Corps Nominations

Just a reminder that the Wyoming Teacher Mentor Corps will be accepting nominations starting January 8th, 2024 and submissions will be accepted through January 26th, 2024. The WTMC program is designed to support excellence in mentorship for Wyoming educators and develop a community of Mentor Fellows who can support each other and those who are new to the field.

## Stronger Connections Grant

The deadline has been extended for districts interested in applying for the competitive Stronger Connections Grant. Applications are due on February 9, 2024. Interested districts should complete an intent to apply to receive the application and guidance documents.

**Kwanzaa**

**Christmas**

### NASA Power to Explore Student Challenge

The writing challenge invites K-12th grade students in the US to explore radioisotope power systems, a type of nuclear battery integral to many of NASA's space missions. Students are then asked to write an essay about a new powered mission for the agency.

Deadline for submission is January 26, 2024.

### Vermont Pitch Challenge

The Vermont Pitch Challenge gives high school entrepreneurs from across the globe the chance to pitch innovative business that make a difference in their communities. Along the way they will learn from top experts about how to write a business plan, create a compelling pitch, and achieve their goals. Cash prizes and scholarships to the University of Vermont are available. This challenge is open to Wyoming students.
