The leaves have finally changed and the air sure is cooling down. The semester has been busy, but is already half over! Whether it's personal development, civic engagement, or academic success, October is a time to reflect on the progress made thus far.

National Association of School-University Partnerships Conference

Just a reminder that the NASUP presentation proposal deadline has passed. Malinda Garcia, Principal at Whiting High School in Albany #1 submitted a proposal for her work with [Voices in the Field](#), a project that was conceived as a collaboration between WSUP and Malinda during her time in Fremont #6. Proposal acceptance letters will be sent out on November 22.

If you would like to attend the conference this year, please reach out to Nicholas directly. We have a couple more spots!

Teacher Preparation Discussion with Secondary Ed Faculty

Nicholas attended the University of Wyoming College of Education Secondary Education Faculty meeting on Monday September 30, 2024. Associate Dean, Dr. Alan Buss, shared portions of the WSUP Governing Board's teacher preparation discussion from our July meeting with the group. Currently Secondary Education Faculty are working hard to address teacher preparation needs in the state and region. This includes responding to accreditation, PTSB licensing, and the UWYO general education requirements. More to come.

Potential WSUP/BYU Affiliate Partnership

Back in early August, Colby, Craig, and Nicholas met with the Brigham Young University-Public School Partnership team to discuss creating an intermountain National Association of School University Partnerships affiliate group. During this time we discussed hosting a regional conference for teacher preparation programs and school districts to share their collective work on improving education, teacher preparation, and public education renewal. If you have ideas you'd like to contribute or if you'd like to take part in helping us plan this, please let us know.
