5-Slide Description

Being selected as a Semi-Finalist, and to continue being considered for the Start-Up Challenge competition, will require a 20-30 presentation to the judging panel between the 23rd and 26th of September 2019. As a supporting document for this discussion/interview, Semi-Finalists will be required to provide a 5-slide summary of their business idea, product or service to the judging panel as background/context for that team. Although a specific slide content format is not mandated, it would be most useful to the judging panel if your 5-slide deck included the following:

1. A brief problem statement, and your proposed solution; what is your product or service value proposition?

2. A brief description, picture, flow chart, or drawing defining your business idea, product or service and its unique features & benefits.

3. A description of your target customer, a description of the overall market, and an estimate of both overall and target market size in dollars.

4. Both a description of existing competition and/or solution options (e.g., competing products and features) and at least preliminary validation that there is some level of potential demand for your specific solution.

5. A simple description of the revenue model showing how your business will make money along with the estimated timeline for your business to reach initial sales. This may include potential pricing, costs, and other financial data.

AN EMAIL WITH THE PRESENTATION ATTACHED OR THUMB DRIVE CONTAINING THE PRESENTATION MUST BE PRESENTED TO SCOT RENDALL THE DAY PRIOR TO THE PRESENTATION.
