

AGE-FRIENDLY AND DEMENTIA-FRIENDLY CARE: PRECEPTOR TOOLKIT

The **Age-Friendly and Dementia-Friendly Care Preceptor Toolkit** is a resource developed by the Wyoming Geriatric Workforce Enhancement Program (WyGWEP) with guidance from the Tribal, Tribal Organizations, Underserved, and Rural (TTOUR) Advisory Group. Designed specifically for preceptors, this toolkit equips healthcare mentors with practical strategies, evidence-based tools, and culturally responsive approaches to guide learners in providing high-quality care for older adults. The toolkit supports the delivery of age-friendly and dementia-friendly care, emphasizing effective communication, patient-centered practices, and enhanced care outcomes for older adults and their families.

WHO SHOULD USE THIS TOOLKIT?

- Healthcare professionals precepting medical, nursing, social work, or allied health students.
- Providers and educators in tribal, rural, or underserved areas.

WHAT'S INCLUDED IN THE TOOLKIT?

- Age-friendly and dementia-friendly podcasts, videos, readings, and guides to provide knowledge and resources to preceptors

BENEFITS FOR PRECEPTORS

- Enhance your ability to mentor healthcare learners effectively.
- Build confidence in addressing age-related and cognitive health needs.
- Contribute to improving care for older adults in your community.
- Access easy-to-use resources tailored for rural and underserved settings.

HOW TO ACCESS THE TOOLKIT:

- Scan the QR Code or visit the WyCOA website to download the toolkit today!
