

# ALZHEIMER'S STATE PLAN:

## Town Hall Listening Sessions

Do you have ideas for how Wyoming can best address Alzheimer's Disease and other dementias?

Do you care for someone with dementia?

What do you need to provide the best possible care for an individual with dementia?

The Wyoming Alzheimer's Task Force is working to develop a state plan to address Alzheimer's Disease in Wyoming. The intent of these meetings is to gain insight into the lives of those with or caring for an individual with Alzheimer's disease or another form of dementia. This plan will identify available resources, detect resource gaps, and map opportunities to improve the lives of those with dementia. Further, this plan will inform Alzheimer's disease policy in the years to come.

**Join us in towns throughout Wyoming in 2017  
and share your thoughts for addressing  
Alzheimer's Disease and other dementias!**
